

STAFF COMMENTS:

- A. This site is under a conditional use (CU-267) which provides for a type development with clustered, detached, single-family structures on individual lots. However, this plat is now implying that conventional single-family development with one home per site (lot) will be provided. Consequently, the applicant shall submit a letter requesting that a resolution be passed eliminating the conditional use established for this site.
- B. Prior to this plat being released for County Commission review, a revised platting binder shall be submitted indicating that the property taxes have been paid and that the applicant has obtained ownership of the site.
- C. The applicant shall meet with County Engineering to remove or alter any restrictions of an existing covenant involving the original Crestview sewer system at this site.
- D. The applicant shall install or guarantee the installation of all utilities and facilities which are applicable and described in Article 8 of the MAPC Subdivision Regulations.
- E. The applicant's engineer is advised that the Register of Deeds is requiring the name(s) of the notary public, who acknowledges the signatures on this plat, to be printed beneath the notary's signature.
- F. To receive mail delivery without delay, and to avoid unnecessary expense, the applicant is advised of the necessity to meet with the U.S. Postal Service Growth Management Coordinator (phone 316-946-4527) prior to development of the plat so that the type of delivery, and the tentative mailbox locations can be determined.
- G. Perimeter closure computations shall be submitted with the final plat tracing. Section 5-101(c).
- H. Recording of the plat within 30 days after approval by the City Council.
- I. The applicant is advised that this site will be subject to an assessment for the Four Mile Creek sanitary sewer facility. Also, the applicant should meet with Wichita water department staff to discuss relocation of water meters.

METROPOLITAN AREA PLANNING COMMISSION

May 5, 1994

Re: S/D 94-29 - BAUER'S COBBLESTONE ADDITION (Final Plat)

Dear Mr. Meyer:

At the regular meeting of the Metropolitan Area Planning Commission on May 5, 1994, the above captioned plat was considered. The action of the Planning Commission was to recommend that the plat be approved as recommended by the Subdivision Committee subject to the conditions stated in our letter of April 29, 1994.

In addition to complying with those conditions, it is necessary that you meet the following requirements before this plat can be forwarded to the City Council for consideration:

1. Submission of the fully completed and signed tracing of the subdivision to the Metropolitan Area Planning Department.
2. Submission of a check, made out to the Register of Deeds, covering the costs of any documents to be recorded as a requirement of platting.
3. Subdivision regulations now require a detailed Lot Grading Plan be submitted to Engineering prior to the tracing being released. This applies to all multi-lot and residential developers.

Please call if you have any questions.

Sincerely,

Don Losew
Senior Planner
