

N.W.Cor.,N.E.1/4, Sec.2, TWP 28-S, R-1W rather than the N 1/4 Cor. etc.

- G. On the final plat tracing, it also appears that Line 11 of the legal description should include the word "thence" south at right angles to the North line....
- H. As indicated by City Engineering, since a portion of this site is draining to K-42, a drainage plan shall be submitted to KDOT for their review. A letter shall be provided from KDOT indicating that they are willing to accept any such drainage from this site.
- I. The applicant shall install or guarantee the installation of all utilities and facilities which are applicable and described in Article 8 of the MAPC Subdivision Regulations.
- J. The applicant's engineer is advised that the Register of Deeds is requiring the name(s) of the notary public, who acknowledges the signatures on this plat, to be printed beneath the notary's signature.
- K. Perimeter closure computations shall be submitted with the final plat tracing. Section 5-101(c).
- L. Recording of the plat within 30 days after approval by the City Council.

METROPOLITAN AREA PLANNING COMMISSION

AGENDA ITEM NO. 2-4

December 16, 1993

STAFF REPORT

(Final Plat Approved December 9, 1993)

CASE NUMBER: S/D 93-72 HALL INDUSTRIAL ADDITION

OWNER/APPLICANT: Scott C. Hall, 820 N. Central, Harper, KS 67058

SURVEYOR/ENGINEER: Baughman Company, P.A., 315 Ellis, Wichita, KS 67211

LOCATION: West of West Street on the north side of K-42

SITE SIZE: 9.46 Acres

NUMBER OF LOTS

Residential:	
Office:	
Commercial:	
Industrial:	1
Total:	1

MINIMUM LOT AREA: 9.46 Acres

CURRENT ZONING: "E" Light Industrial

VICINITY MAP:

STAFF COMMENTS:

- A. The applicant shall guarantee the extension of sanitary sewer to serve the lots being platted.
- B. The Subdivision Committee/MAPC recommends waiver of any paving or petition requirements for Pawnee at this time. But instead requires the submittal of an affidavit or agreement indicating the applicant's or subsequent property owners obligation to participate in any future guarantees requested for paving Pawnee at this location. This affidavit/agreement shall be submitted to Planning with the final plat tracing and approval of the plat will be contingent on the City Council's acceptance of such document instead of an acceptable guarantee.
- C. If improvements are guaranteed by petition, a notarized certificate listing the petitions shall be submitted to the Planning Department for recording.
- D. Industrial streets are required to be platted with 70-foot rights-of-way. Since only 30-feet has been provided from this side of Pawnee, the final plat tracing shall dedicate an additional 5-feet of right-of-way. This shall be noted both on the face of the plat and within the plattor's text.
- E. Since Pawnee is not an arterial street at this location, access controls need not be dedicated. The final plat may therefore be amended to eliminate any such dedication.

As requested by Traffic Engineering, complete access control shall be shown across this plat's south line to K-42 (Drive). From the southwest corner, 100 feet of complete access control shall be extended eastward and also complete access control shall be indicated from the drive at the east line of the plat, southward along the curve (S.E. corner) to the drive along the plat's south line. The plattor's text shall also note this access control.

The face of the plat shall also note that except for the present connection from K-42 to the drive (at this plat's southwest corner) that there is no access between K-42 and the drive adjacent to this site.

- F. On the final plat tracing the tie point reference to the section corner, to the west of this site, would appear to be properly indicated as the

Re: S/D 93 - 72 - HALL INDUSTRIAL ADDITION (Final Plat)

Dear Mr. Meyer:

At the regular meeting of the Metropolitan Area Planning Commission on December 16, 1993, the above captioned plat was considered. The action of the Planning Commission was to recommend that the plat be approved as recommended by the Subdivision Committee subject to the conditions stated in our letter of December 10, 1993.

In addition to complying with those conditions, it is necessary that you meet the following requirements before this plat can be forwarded to the City Council for consideration:

1. Submission of the fully completed and signed tracing of the subdivision to the Metropolitan Area Planning Department.
2. Submission of a check, made out to the Register of Deeds, covering the costs of any documents to be recorded as a requirement of platting.
3. Subdivision regulations now require a detailed Lot Grading Plan be submitted to Engineering prior to the tracing being released. This applies to all multi-lot and residential developers.

Please call if you have any questions.

Sincerely,

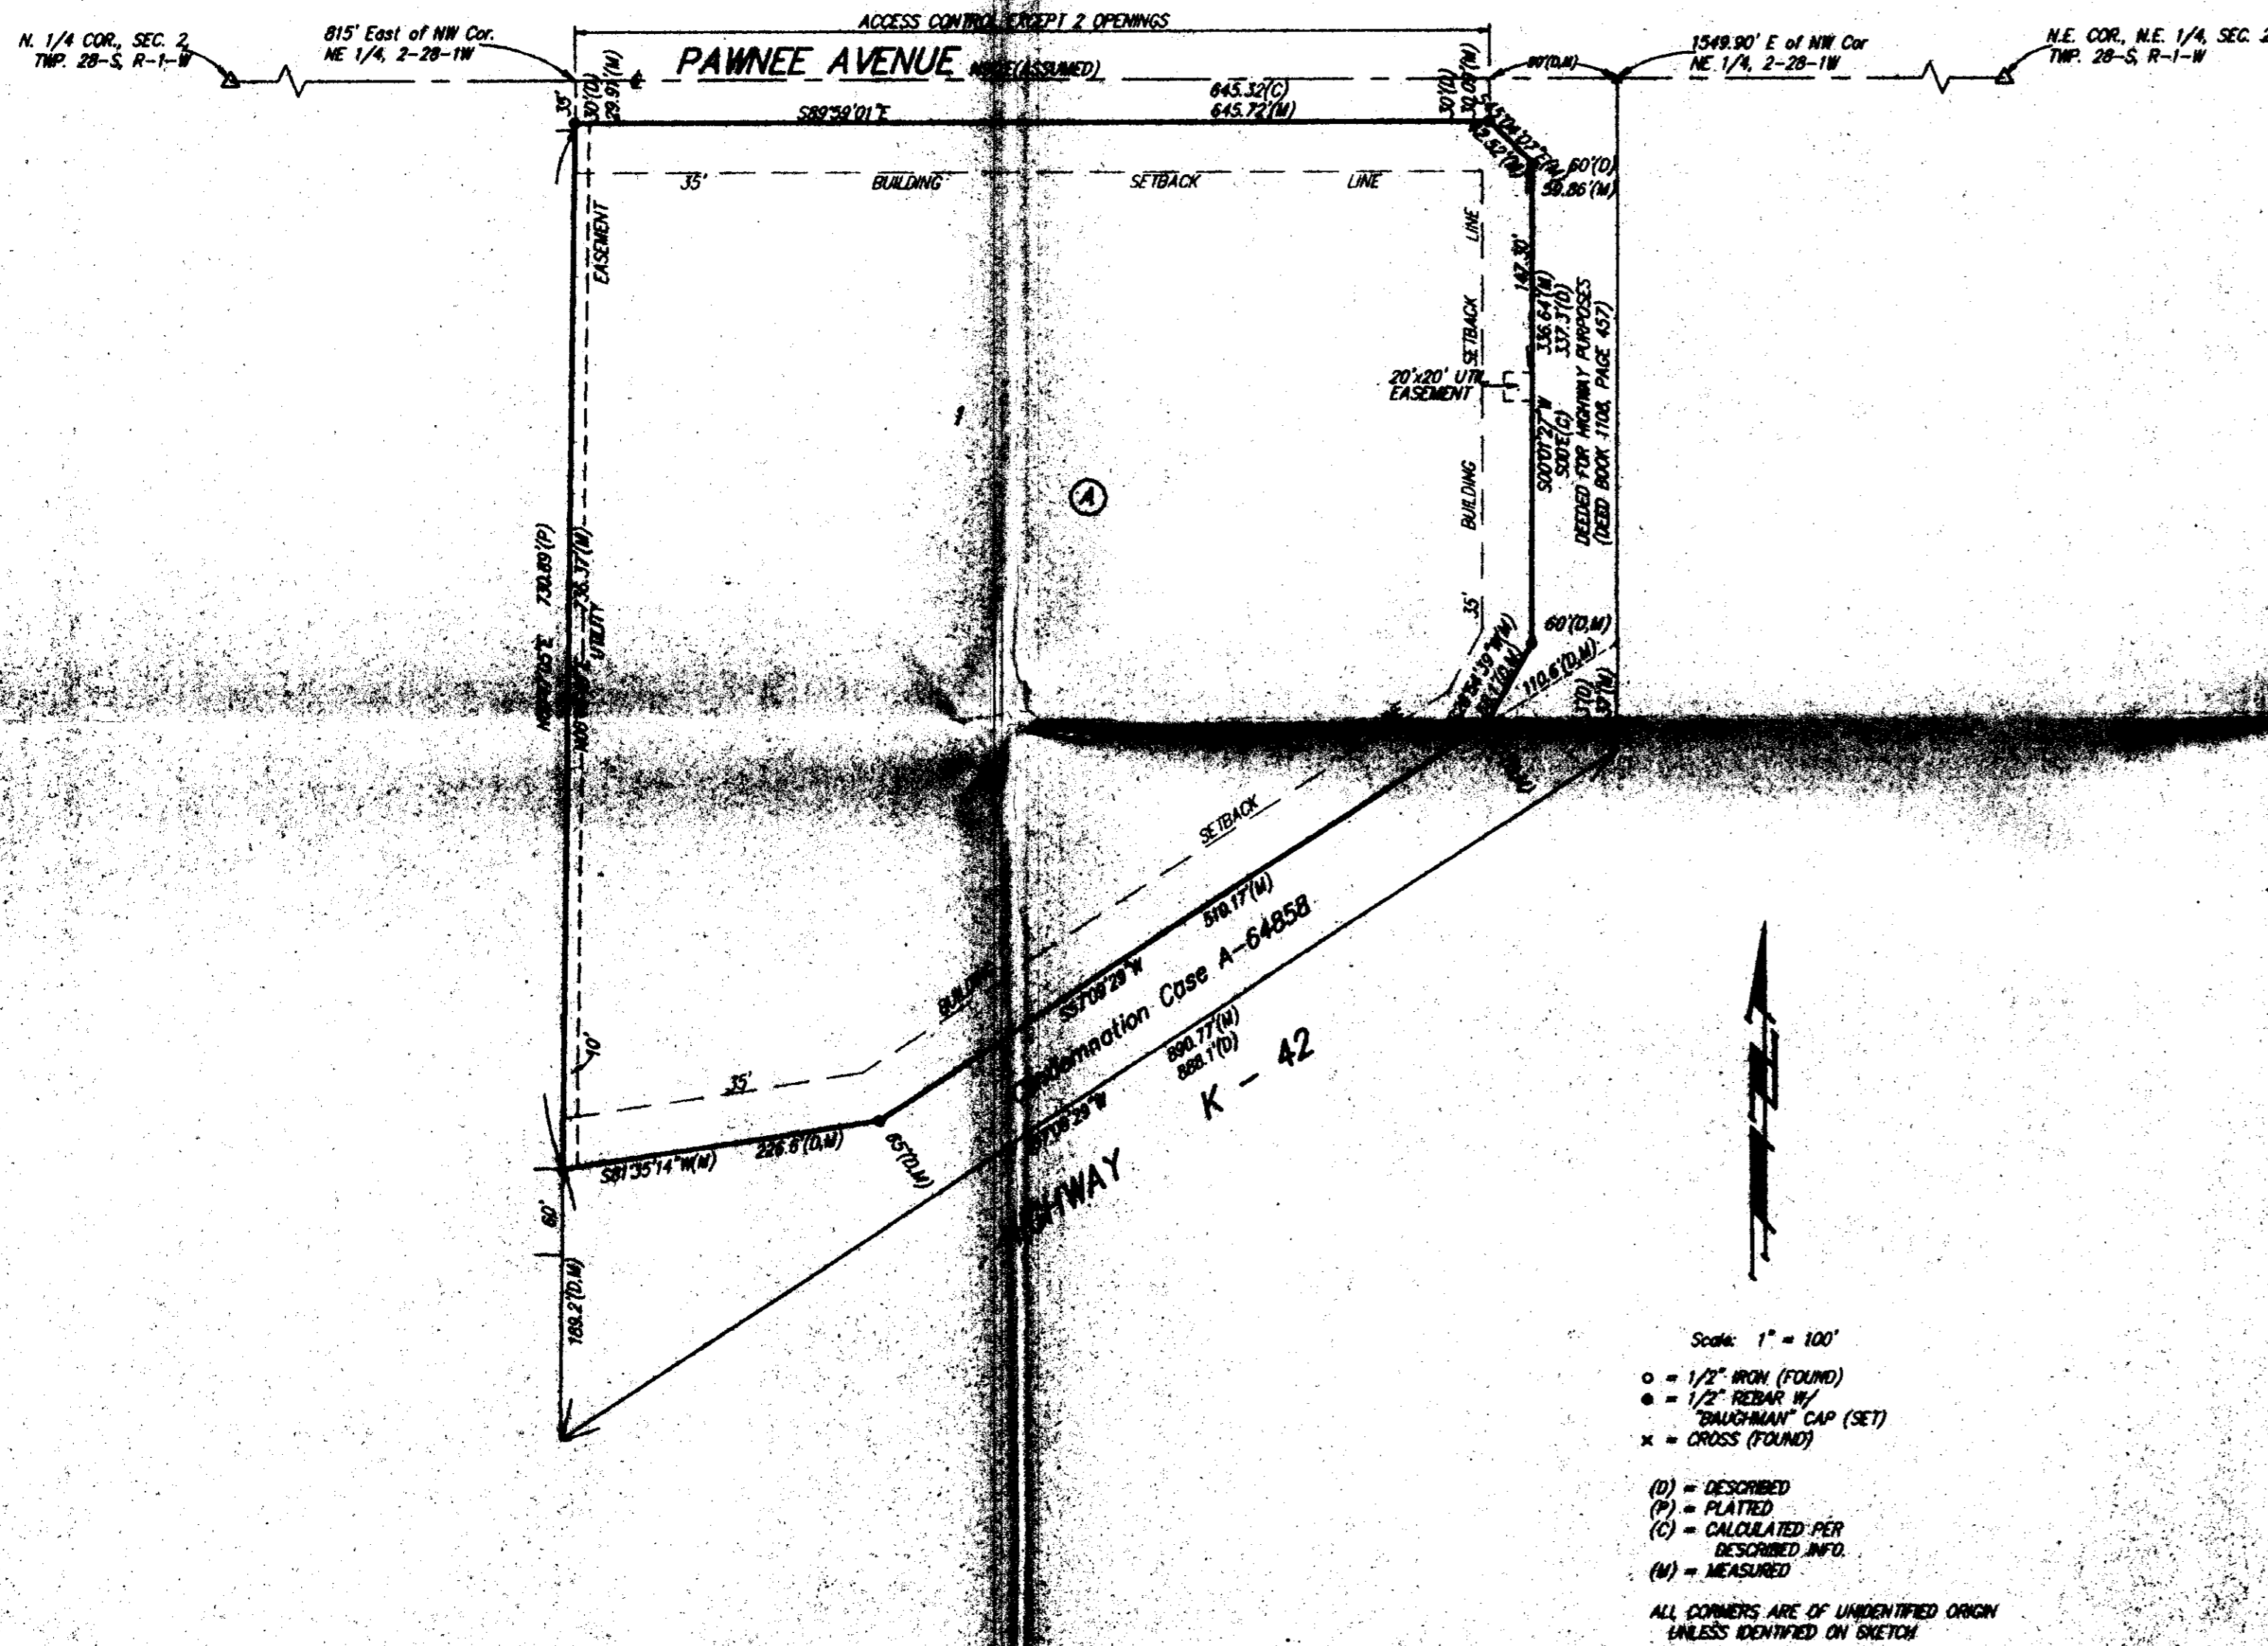

Don Losew
Senior Planner
