STAFF COMMENTS:

- A. The applicant shall guarantee the extension of sanitary sewer to serve the lots being platted. Sewer service will require a lift station.
- B. Prior to scheduling this plat for City Council approval, the applicant's agent shall submit to City Engineering all drainage information necessary for complete review of this plat. Lots 1 and 2 will need a minimum pad elevation (to be determined by City Engineering). The drainage easement(s) may need to be expanded if an open ditch is proposed. The applicant shall guarantee any drainage improvements required by the platting of this property.
- C. Since the drainage concept requires certain drainage improvements within KDOT right-of-way, the applicant shall obtain a letter of approval from KDOT.
- D. The following access controls to Hydraulic shall be shown on the final plat tracing and dedicated in the plat's text:
 - a) Complete access control from Lot 5 except for one opening (35 feet wide) to align with Fortuna Avenue;
 - b) Complete access control from Lots 4, 3 and that portion of Lot 2 between Lots 4 and 3, except for one major opening (60 feet wide) to align with El Monte Avenue;
 - c) Access control except for one opening from the north 536.79 feet of Lot 2;
 - d) Access control except for two openings from Lot 1.
- E. A joint access easement shall be granted by separate instrument for the major opening which is to be shared by multiple lots. The boundaries of this easement shall be shown on the final plat tracing. The document shall be submitted to the Planning Department for review and approval and for recording with the plat.
- F. The 10 feet of additional right-of-way being dedicated on Hydraulic for a decel lane shall continue to the south line of the plat. The applicant shall guarantee construction of a decel lane adjacent to Lots 5, 4, 3 and 2.
- G. The applicant shall guarantee construction of a left-turn lane to serve the major entrance south of Lot 3.
- H. If improvements are guaranteed by petition, a notarized certificate listing the petitions shall be submitted to the Planning Department for recording.
- I. On the final plat tracing, the plat's text shall be amended to note that the site is also being platted for street(s) and such street(s) are dedicated to and for the use of the public. Also, the text shall note that the access opening locations to Hydraulic are subject to approval by City Engineering.
- J. As indicated by this site's platting binder, a mortgage is held on this plat by American National Bank of Wichita. The final plat tracing shall either include this party as a signer on the plat or proof that this mortgage has been released shall be provided.
