

S/D 93-48 PEMBROOK ADDITION Final Plat

October 7, 1993

Page 4

Service Growth Management Coordinator (phone 316-946-4527) prior to development of the plat so that the type of delivery, and the tentative mailbox locations can be determined.

Q. Perimeter closure computations shall be submitted with the final plat tracing. Section 5-101(c).

R. Recording of the plat within 30 days after approval by the City Council.

METROPOLITAN AREA PLANNING COMMISSION

October 7, 1993

STAFF REPORT

(Final Plat Approved 9/30/93, Preliminary Plat Approved 8/19/93)

CASE NUMBER: S/D 93-48 PEMBROOK ADDITION

OWNER/APPLICANT: Critchfield Real Estate Limited Partnership 1985, c/o Steven N. Critchfield, 14324 Wakanda Ct., Wichita, KS 67230
and
Socora Village Company, Contract Purchaser, c/o Larry A. Chambers, 104 S. Broadway - Suite 200, Wichita, KS 67202-4165

SURVEYOR/ENGINEER: P.E.C., P.A., c/o Gary Wiley, 303 S. Topeka, Wichita, KS 67202

LOCATION: Northeast corner of 25th Street North and Oliver

SITE SIZE: 16.92 Acres

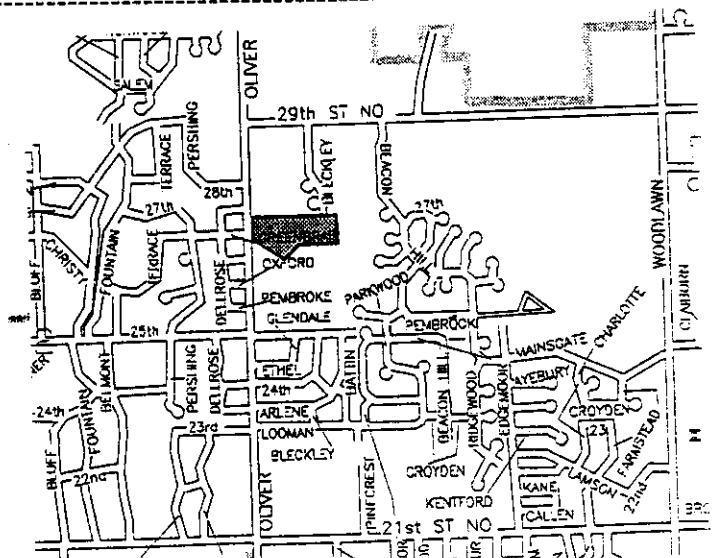

NUMBER OF LOTS

Residential:	65
Office:	
Commercial:	
Industrial:	
Total:	65

MINIMUM LOT AREA: 6600 sq. ft.

CURRENT ZONING: "AA" (DP-147)

VICINITY MAP:

1-7-93

STAFF COMMENTS:

- A.** Apparently due to the changes now being shown by this latest plat, various conditions or requirements in CUP, DP-147 will need to be adjusted or amended. Parcel boundaries and access controls to Oliver in the CUP are for instance no longer in agreement with what is being platted. Prior to this plat being scheduled for City Council review, the applicant shall meet with Planning Department staff to determine what changes must be made to the CUP to reflect what is now being platted. Any needed adjustments or amendments to the CUP (DP-147) shall be obtained before the plat is submitted for City Council review.
- B.** The applicant shall guarantee the extension of sanitary sewer to serve the lots being platted.
- C.** The applicant shall guarantee the extension of City water to serve the lots being platted.
- D.** The applicant shall guarantee any drainage improvements required by the platting of this property.
- E.** The applicant shall guarantee construction of the storm sewers required by this plat.
- F.** The applicant shall guarantee the paving of the proposed interior streets. This guarantee shall also provide for the installation of sidewalk along one side of 27th Street North. Based on the layout of the streets in this and the 2nd Addition, this sidewalk should be along the Block 1 side of 27th Street North.
- G.** If improvements are guaranteed by petition, a notarized certificate listing the petitions shall be submitted to the Planning Department for recording.
- H.** The applicant shall provide proof, by letter from the Marland Pipeline or by copy of the pipeline easement agreement, that the dedication of street right-of-way over a portion of the pipeline easement and the use of part of this pipeline easement (building setback) as a general utility easement are acceptable and that the building setback line as shown is sufficient. An relocation, lowering or encasement of the pipeline, caused by development

of this property, will not be at the expense of the City.

- I. Due to this plat, an area immediately north will become landlocked. As indicated by the preliminary plat, it is expected that this property will be developed and consequently be platted with or as part of a replat of an existing adjacent Addition. Since no direct access, however, is being provided to this site from this plat or any other Addition, the applicant shall submit a covenant which ties this property's ownership to the indicated platted property. This covenant shall indicate that this site will not be sold separate from this platted property unless or until adequate public access and other needed public improvements are available and/or until the property is platted.
- J. The applicant shall submit a covenant which provides for four (4) off-street parking spaces per dwelling unit on each lot which abuts a 58-foot street. The covenant shall inventory the affected lots by lot and block number and shall state that the covenant runs with the land and is binding on future owners and assigns.
- K. Prior to this plat being released for recording, the applicant shall submit proof that the ownership indicated on the plat is correct. The platting binder presently indicates this site is in another's ownership.
- L. On the final plat tracing, the designation "North" shall be included in 27th Street's name.
- M. On the final plat tracing, the reference to vacating and replatting by virtue of K.S.A. 12-512(b) should be placed within the surveyor's text rather than the platlor's text. The applicant is advised that the inclusion of a portion of Lot 11 of the New Bedford Place Addition in this plat may effect that lot's status in terms of obtaining a building permit.
- N. The applicant shall install or guarantee the installation of all utilities and facilities which are applicable and described in Article 8 of the MAPC Subdivision Regulations.
- O. The applicant's engineer is advised that the Register of Deeds is requiring the name(s) of the notary public, who acknowledges the signatures on this plat, to be printed beneath the notary's signature.
- P. To receive mail delivery without delay, and to avoid unnecessary expense, the applicant is advised of the necessity to meet with the U.S. Postal

Re: S/D 93-48 - PEMBROOK ADDITION (Final Plat)

Dear Mr. Wiley:

At the regular meeting of the Metropolitan Area Planning Commission on October 7, 1993, the above captioned plat was considered. The action of the Planning Commission was to recommend that the plat be approved as recommended by the Subdivision Committee subject to the conditions stated in our letter of October 1, 1993.

In addition to complying with those conditions, it is necessary that you meet the following requirements before this plat can be forwarded to the City Council for consideration:

1. Submission of the fully completed and signed tracing of the subdivision to the Metropolitan Area Planning Department.
2. Submission of a check, made out to the Register of Deeds, covering the costs of any documents to be recorded as a requirement of platting.
3. Subdivision regulations now require a detailed Lot Grading Plan be submitted to Engineering prior to the tracing being released. This applies to all multi-lot and residential developers.

Please call if you have any questions.

Sincerely,

Don Losew
Senior Planner
