Re: S/D 92-68 SHEPLER'S FOURTH ADDITION (Final Plat)

Dear Mr. Moehring:

At the regular meeting of the Metropolitan Area Planning Commission on Wednesday, December 30, 1992, the above captioned plat was considered. The action of the Planning Commission was to recommend that the plat be approved as recommended by the Subdivision Committee subject to the conditions stated in our letter of December 24, 1992.

In addition to complying with those conditions, it is necessary that you meet the following requirements before this plat can be forwarded to the City Council for consideration:

1. Submission of the fully completed and signed tracing of the subdivision to the Metropolitan Area Planning Department.
2. Submission of a check, made out to the Register of Deeds, covering the costs of any documents to be recorded as a requirement of platting.
3. Subdivision regulations now require a detailed Lot Grading Plan be submitted to Engineering prior to the tracing being released. This applies to all multi-lot and residential developers.

Please call if you have any questions.

Sincerely,

Don Losew
Senior Planner

STAFF COMMENTS:

- A. The applicant shall guarantee the abandonment and relocation of the sanitary sewer line adjacent to the south line of this plat. A temporary sewer easement shall be provided along this site's south line to cover this sewer line until the relocation is completed.

The applicant is advised that the portion of easement not on this plat will need to be vacated as a separate easement.
- B. If improvements are guaranteed by petition, a notarized certificate listing the petitions shall be submitted to the Planning Department for recording.
- C. The final plat tracing shall indicate the dedication of 15 feet of right-of-way from the site's northern portion for Kellogg (Dugan interchange).
- D. On the final plat tracing, the area north of the north property line being dedicated as street right-of-way shall be drawn with dashed lines, instead of solid lines, at the ends of the area being dedicated.
- E. The applicant shall submit for the plat file a copy of the ingress-egress easement indicated along the plat's west property line.
- F. The applicant shall submit an avigational easement covering all of subject plat and a restrictive covenant assuring that adequate construction methods will be used to minimize the effects of noise pollution in the habitable structures constructed on subject property.
- G. The applicant is advised that the County Clerk's signature block may need to be amended before this plat is submitted for recording.
- H. The applicant shall install or guarantee the installation of all utilities and facilities which are applicable and described in Article 8 of the MAPC Subdivision Regulations.
- I. The applicant's engineer is advised that the Register of Deeds is requiring the name(s) of the notary public, who acknowledges the signatures on this plat, to be printed beneath the notary's signature.
- J. Perimeter closure computations shall be submitted with the final plat tracing. Section 5-101(c).
- K. Recording of the plat within 30 days after approval by the City Council.
