

STAFF COMMENTS:

- A. Since this plat is indicating private ingress-egress easements to cover the present means of access for several sites adjacent to this plat, copies of these easements need to be submitted to Planning for review. Upon approval, the easements shall be recorded and the recording information shown on the plat and copies of the recorded documents submitted for the plat file.
- B. Since neither municipal water nor sanitary sewer is available to serve this property, the applicant shall contact the Environmental Health Division of the Health Department to find out what tests may be necessary and what standards are to be met for approval of on-site sewerage facilities and water wells. A memorandum shall be obtained specifying approval. This approval still needs to be formally provided by the Health Department even though the applicant is indicating their intentions to use a rural water district line and an application for a septic system has been approved.
- C. The applicant shall submit an avigational easement covering all of subject plat and a restrictive covenant assuring that adequate construction methods will be used to minimize the effects of noise pollution in the habitable structures constructed on subject property.
- D. Depending on when the final plat tracing is submitted for County Commission approval, the applicant is advised that various changes in Commission and County Clerk names may be necessary.
- E. The applicant shall install or guarantee the installation of all utilities and facilities which are applicable and described in Article 8 of the MAPC Subdivision Regulations.
- F. The applicant's engineer is advised that the Register of Deeds is requiring the name(s) of the notary public, who acknowledges the signatures on this plat, to be printed beneath the notary's signature.
- G. To receive mail delivery without delay, and to avoid unnecessary expense, the applicant is advised of the necessity to meet with the U.S. Postal Service Growth Management Coordinator (phone 316-946-4527) prior to development of the plat so that the type of delivery, and the tentative mailbox locations can be determined.
- H. Perimeter closure computations shall be submitted with the final plat tracing. Section 5-101(c).
- I. Recording of the plat within 30 days after approval by the City Council.

December 30, 1992

Re: S/D 92-56 WAHL ACRES ADDITION (Final Plat)

Dear Mr. Moehring:

At the regular meeting of the Metropolitan Area Planning Commission on Wednesday, December 30, 1992, the above captioned plat was considered. The action of the Planning Commission was to recommend that the plat be approved as recommended by the Subdivision Committee subject to the conditions stated in our letter of December 24, 1992.

In addition to complying with those conditions, it is necessary that you meet the following requirements before this plat can be forwarded to the City Council for consideration:

1. Submission of the fully completed and signed tracing of the subdivision to the Metropolitan Area Planning Department.
2. Submission of a check, made out to the Register of Deeds, covering the costs of any documents to be recorded as a requirement of platting.
3. Subdivision regulations now require a detailed Lot Grading Plan be submitted to Engineering prior to the tracing being released. This applies to all multi-lot and residential developers.

Please call if you have any questions.

Sincerely,

Don Losew
Senior Planner

STATE OF KANSAS, COUNTY OF SEDGWICK, SS:
I, Don C. Moehring II, a Registered Land Surveyor in said State and County, do hereby certify that I have surveyed and platted "WAHL ACRES", an Addition to Sedgwick County, Kansas, into a Lot, a Block and a Street, the same being accurately set forth on the accompanying plat and described as follows: A tract beginning at a point in the West line of the N.W. 1/4 of Section 19, Township 28 S., Range 2 East of the 6th P.M., Sedgwick County, Kansas, and 652.0 feet North of the S.W. Corner of the N.W. 1/4 of said Section 19; thence North along the West line of the N.W. 1/4 of said section, a distance of 234.0 feet; thence East at Right angles, a distance of 341.47 feet; thence South parallel with the West line of the N.W. 1/4 of said Section, a distance of 241.0 feet; thence West 341.54 feet to the point of beginning.

_____, Surveyor
Don C. Moehring II

Know all men by these presents that we the undersigned, property owners of the land as above set forth in the Surveyor's Certificate, have caused the same to be surveyed and platted into a Lot, a Block and a Street, to be known as "WAHL ACRES", an Addition to Sedgwick County, Kansas. Easements for the construction and maintenance of public utilities, as indicated on the accompanying plat, are hereby granted. The Streets are hereby dedicated to and for the use of the public. All abutter's rights of access to or from Woodlawn Avenue, over and across the West line of Lot 1, Block A, are hereby granted to the appropriate governing body, provided however, that Lot 1, Block A, shall have access to Woodlawn Avenue at one location, to be determined by the appropriate Engineer.
