Re: S/D 91-59 Fellers Addition

Dear Bob:

At the regular meeting of the Metropolitan Area Planning Commission on December 5, 1991, the above captioned plat was considered. The action of the Planning Commission was to recommend that the plat be approved as recommended by the Subdivision Committee subject to the conditions stated in our letter of November 27, 1991.

In addition to complying with those conditions, it is necessary that you meet the following requirements before this plat can be forwarded to the City Council for consideration:

1. Submission of the fully completed and signed tracing of the subdivision to the Metropolitan Area Planning Department.
2. Submission of a check, made out to the Register of Deeds, covering the costs of any documents to be recorded as a requirement of platting.
3. Subdivision regulations now require a detailed Lot Grading Plan be submitted to Engineering prior to the tracing being released. This applies to all multi-lot and residential developers.

Please call if you have any questions.

Sincerely,

A handwritten signature in black ink, appearing to read 'Don Losew', is written over a light-colored background.

NOTE: Although this site is located within a largely unplatted tract, except for this site, residential development already exists throughout the tract. Consequently, sanitary sewer and municipal water are already available directly and the adjacent street is paved.

STAFF COMMENTS:

- A. The applicant shall guarantee any drainage improvements required by the platting of this property.
- B. If improvements are guaranteed by petition, a notarized certificate listing the petitions shall be submitted to the Planning Department for recording.
- C. The platting binder presently indicates that this property is under an ownership different than is shown on the plat. Prior to this plat being released for recording, the applicant shall provide proof (amended platting binder) indicating that the Fellers have title to this property.
- D. As indicated in the platting binder, 1991 taxes are due on this property. Prior to the plat being released for recording, the applicant shall also provide proof that these taxes have been paid.
- E. Prior to release of the plat tracing, the applicant shall submit a letter indicating that the shed has been removed from the 10-foot easement along the south line of this plat.
- F. Prior to this plat being scheduled for City Council, the applicant shall submit the drainage information requested to City Engineering.
- G. The applicant shall install or guarantee the installation of all utilities and facilities which are applicable and described in Article 8 of the MAPC Subdivision Regulations.
- H. The applicant's engineer is advised that the Register of Deeds is requiring the name(s) of the notary public, who acknowledges the signatures on this plat, to be printed beneath the notary's signature.
- I. Perimeter closure computations shall be submitted with the final plat tracing. Section 5-101(c).
- J. Recording of the plat within 30 days after approval by the City Council.
