

the drainage reserves in the event the owner(s) fail to do so. The covenant shall provide for the cost of such maintenance to be charged back to the owner(s) by a method similar to special assessments.

see B
~~A.~~ The splitting of lots both by zoning district (AA & A) and C.U.P. parcel boundaries (which allows 1-2-4 or even 8 family unit structures) is a confusing situation for the issuance of building permits and potentially for other parties attempting to determine the allowed or legal use of such a lot. The applicant has indicated that all lots are being planned for single family purposes. The only apparent advantage of the C.U.P. in this case is the allowance for a reduced setback (20-foot vs. 25-foot).

In order to eliminate the problems of the zoning and the C.U.P. boundary being split across certain of the lots the applicant has chosen to adjust the C.U.P. This adjustment must be obtained prior to the plat being scheduled for City Council review.

~~B.~~ The final plat tracing shall indicate the changes in utility easements requested by K.G. & E. and indicated on the enclosed marked copy of the plat.

~~H.~~ On the final plat tracing, dashed lines shall be used at the perimeter of the plat for streets. Solid lines are intended to indicate private streets.

~~H.~~ In addition to the note indicating the dimensions of the building setbacks, these setbacks shall also be labeled across the lots, on the face of the plat.

~~O.~~ The applicant is reminded that the title binder is to be submitted at the time the final plat is submitted.

~~P.~~ The applicant's engineer is advised that the Register of Deeds is requiring the name(s) of the notary public, who acknowledges the signatures on this plat, to be printed beneath the notary's signature.

~~Q.~~ To receive mail delivery without delay, and to avoid unnecessary expense, the applicant is advised of the necessity to meet with the U.S. Postal Service Growth Management Coordinator (phone 316-946-4527) prior to development of the plat so that the type of delivery, and the tentative mailbox locations can be determined.

~~R.~~ Perimeter closure computations shall be submitted with the final plat tracing. Section 5-101(c).

~~S.~~ Recording of the plat within 30 days after approval by the City Council.

K. The applicant shall abandon any existing petitions on file for this property. The applicant shall also pay off any charges resulting from the abandonment of projects associated with this replat. Also, square footage figures for the platted lots or an agreement shall be submitted to City Engineering to redistribute special assessments associated with a storm sewer improvement.

Approval of this plat is subject to any conditions of the associated C.U.P. (DP-118) and any subsequent adjustment to this C.U.P. The applicant is advised, that to allow for single family, detached housing in the area of the C.U.P., the C.U.P. will need to be adjusted to allow such a use. Any other adjustments to the C.U.P. need to also be obtained prior to this plat going to the City Council for approval.

W.C.
The applicant shall guarantee the extension of sanitary sewer to serve the lots being platted.

W.D.
The applicant shall guarantee the extension of City water to serve the lots being platted.

W.S.P.
The applicant shall guarantee construction of the storm sewers required by this plat.

W.P.
The applicant shall guarantee the paving of the proposed interior streets.

W.P.W.
G. As required by the City Sidewalk Ordinance and Section 8-103 (B)(1)(b) of the Subdivision Regulations, the applicant shall guarantee the construction of sidewalks on both sides of Shefford which is being platted as a 66 foot collector. Also, since 18th Street and Covington are one long, continuous street, sidewalk improvements shall be guaranteed on one side, continuing to the west line of the plat along Pine Grove to Jamesburg or Westport.

H.
If improvements are guaranteed by petition, a notarized certificate listing the petitions shall be submitted to the Planning Department for recording.

Dear Don:

At the regular meeting of the Metropolitan Area Planning Commission on July 1, 1991, the above captioned plat was considered. The action of the Planning Commission was to recommend that the plat be approved as recommended by the Subdivision Committee subject to the conditions stated in our letter of June 28, 1991.

In addition to complying with those conditions, it is necessary that you meet the following requirements before this plat can be forwarded to the City Council for consideration:

1. Submission of the fully completed and signed tracing of the subdivision to the Metropolitan Area Planning Department.
2. Submission of a check, made out to the Register of Deeds, covering the costs of any documents to be recorded as a requirement of platting.
3. Subdivision regulations now require a detailed Lot Grading Plan be submitted to Engineering prior to the tracing being released. This applies to all multi-lot and residential developers.

Please call if you have any questions.

Sincerely,

Kandace A. Jones
Associate Planner
