

March 28, 1991

STAFF REPORT
(Final Plat Approved 3/21/91,
Preliminary Plat Approved 3/22/90)

CASE NUMBER: S/D 90-10 - SMITHMOOR THIRD ADDITION

OWNER/APPLICANT: Smith & Co., Inc., P.O. Box 780595, Wichita,
KS 67278

SURVEYOR/ENGINEER: Municipal Engineers, 254 Laura, Suite 201,
Wichita, KS 67211

LOCATION: South of Harry and in an area west of
Greenwich Road

SITE SIZE: 5.0 Acres

NUMBER OF LOTS

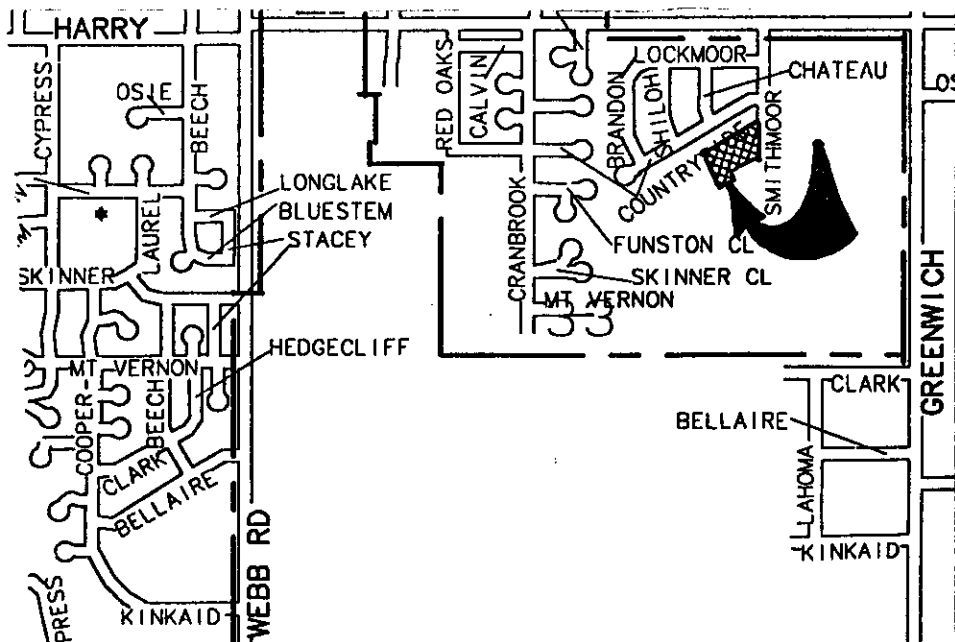

Residential:	18
Office:	
Commercial:	
Industrial:	
Total:	18

MINIMUM LOT AREA: 6,000 sq. ft.

CURRENT ZONING: "AA" One Family Dwelling

PROPOSED ZONING: "AA" One Family Dwelling

VICINITY MAP:

NOTE: This final plat only involves a portion of the site originally included in the preliminary plat. The preliminary plat originally proposed 41-lots versus the 18-lots now being platted.

STAFF COMMENTS:

- A. The applicant shall guarantee the extension of sanitary sewer to serve the lots being platted.
- B. The applicant shall guarantee the extension of City water to serve the lots being platted.
- C. The applicant shall guarantee construction of the storm sewers required by this plat. The applicant shall also provide, by separate instrument for recording with the plat, the off-site utility easement required for this storm sewer. This easement shall be submitted to City Engineering for approval and subsequently to Planning for recording.
- D. The applicant shall guarantee the paving of the proposed interior streets. This guarantee shall also include the paving of Smithmoor adjacent to the east line of this plat, including a sidewalk along the west side of this street, and the installation of temporary culs-de-sac for termination of the interior streets (Bluestem & Chateau). Since the property to the south and west of this site is in the same ownership as the area being platted, these culs-de-sac should be dedicated off-site. This dedication can either be provided by the plat or by separate instrument, with the vacation of each temporary cul-de-sac being effective upon the extension of a street southward and/or westward.
- E. If improvements are guaranteed by petition, a notarized certificate listing the petitions shall be submitted to the Planning Department for recording.
- F. On the final plat tracing, the name of the Addition shall be indicated.
- G. The applicant shall submit a covenant which provides for four (4) off-street parking spaces per dwelling unit on each lot which abuts a 58-foot street. The covenant shall inventory the affected lots by lot and block number and shall state that the covenant runs with the land and is binding on future owners and assigns.
- H. The applicant shall submit a copy of the instrument which establishes the pipeline easement on this property. The applicant's agent shall determine any setback requirements from the pipeline by researching the text of the pipeline agreement.
- I. Any relocation, lowering or encasement of the pipeline, made necessary by this development, will not be at the expense of the City.

- J. Since the pipeline crossing this site is a private easement, the reference to this easement should be deleted from the plat's text.
- K. The final plat shall reference a tie point to a previously plat-
ted lot corner or section corner.
- L. If the easement between lots 1 and 2, Block B is for sanitary
sewer, a 20 foot easement shall be shown on the final plat trac-
ing. Also, the easement along the south line of the plat shall
be clearly indicated as a 10-foot utility easement.
- M. The MAPC signature block shall be amended to indicate George
Sherman, "Chairman."
- N. The applicant shall install or guarantee the installation of all
utilities and facilities which are applicable and described in
Article 8 of the MAPC Subdivision Regulations.
- O. The applicant's engineer is advised that the Register of Deeds is
requiring the name(s) of the notary public, who acknowledges the
signatures on this plat, to be printed beneath the notary's sig-
nature.
- P. To receive mail delivery without delay, and to avoid unnecessary
expense, the applicant is advised of the necessity to meet with
the U.S. Postal Service Growth Management Coordinator (phone
316-946-4527) prior to development of the plat so that the type
of delivery, and the tentative mailbox locations can be deter-
mined.
- Q. Recording of the plat within 30 days after approval by the City
Council.

Re: S/D 90-10 (Final Plat) Smithmoor 3rd Addition

Dear Babar:

At the regular meeting of the Metropolitan Area Planning Commission on March 28, 1991, the above captioned plat was considered. The action of the Planning Commission was to recommend that the plat be approved as recommended by the Subdivision Committee subject to the conditions stated in our letter of March 22, 1991.

In addition to complying with those conditions, it is necessary that you meet the following requirements before this plat can be forwarded to the City Council for consideration:

1. Submission of the fully completed and signed tracing of the subdivision to the Metropolitan Area Planning Department.
2. Submission of a check, made out to the Register of Deeds, covering the costs of any documents to be recorded as a requirement of platting.

Please call if you have any questions.

Sincerely,

Kandace A. Jones
Associate Planner
