

- P. The applicant shall install or guarantee the installation of all utilities and facilities which are applicable and described in Article 8 of the MAPC Subdivision Regulations.
- Q. The applicant's engineer is advised that the Register of Deeds is requiring the name(s) of the notary public, who acknowledges the signatures on this plat, to be printed beneath the notary's signature.
- R. To receive mail delivery without delay, and to avoid unnecessary expense, the applicant is advised of the necessity to meet with the U.S. Postal Service Growth Management Coordinator (phone 316-946-4527) prior to development of the plat so that the type of delivery, and the tentative mailbox locations can be determined.
- S. Recording of the plat within 30 days after approval by the City Council.
- T. Perimeter closure computations shall be submitted with the final plat tracing. Section 5-101(c).
- U. The representative from the City Engineer's office should be prepared to comment on the status of the applicant's drainage plan. Specifically, are any drainage guarantees required with the platting of this property; is the minimum building pad correct, and are the boundaries of the floodway adequate? Also, is the applicant's sanitary sewer layout plan adequate and are any additional easements or guarantees required?

STAFF COMMENTS:

NOTE: This plat is within the Briarwood Estates Residential Community Unit Plan, DP-136. This plat involves all of Parcel 5 and a portion of Parcel 4 of DP-136. Parcel 4 is designated for open space and does not authorize any dwelling units. Parcel 5 permits up to 36 single family dwelling units. The proposed plat will require an administrative adjustment to increase the number of single family units to 45, the C.U.P. presently permits 54 cluster single family dwellings or 145 townhouse style units, and to decrease the area of open space proposed in Parcel 4.

- A. The applicant shall request an administrative adjustment of the number of single family homes allowed in Parcel 5 to allow 45 units and to decrease the area of Parcel 4, thus increasing the area of Parcel 5 to permit single family homes in a portion of an area designated for open space.
- B. The applicant shall guarantee the extension of sanitary sewer to serve the lots being platted.
- C. The applicant shall guarantee the extension of city water to serve the lots being platted.
- D. The applicant shall guarantee any drainage improvements required by the platting of this property.
- E. The applicant shall guarantee construction of the storm sewers required by this plat.
- F. The applicant shall guarantee the paving of the proposed interior streets. This guarantee shall provide for a 35-foot paving standard within a 58-foot right-of-way for the section of Lost Creek Circle west of Lot 17. For the area east of Lot 17, the applicant shall guarantee the paving of the narrow public street to the 29-foot paving standard.
- G. The Lost Creek Circle street paving petition shall provide for the construction of sidewalks. This sidewalk shall be provided on at least one-side of the street or an alternate alignment may be allowed if an acceptable sidewalk plan is submitted.
- H. If improvements are guaranteed by petition, a notarized certificate listing the petitions shall be submitted to the Planning Department for recording.

- I. To allow for the narrow 58-foot section of right-of-way for Lost Creek Circle, the final plat tracing shall indicate a 10-foot street-drainage-utility easement for the lots adjacent to the street's south line. Complete access control shall also be indicated across the north line of Lots 35, 38 and 39 to Lost Creek Circle.
- J. Since this plat is proposing a swimming pool as a use for one of the Reserves, the applicant shall submit copies of a detailed site plan for the area of the pool. This site plan must be approved prior to this plat being scheduled for City Council review.
- K. Provisions shall be made for ownership and maintenance of the proposed reserves. The applicant shall either form a lot owners' association prior to recording the plat or shall submit a covenant stating when the association will be formed, when the reserves will be deeded to the association and who is to own and maintain the reserves prior to the association taking over those responsibilities.
- L. The applicant shall submit a covenant which provides for four (4) off-street parking spaces per dwelling unit on each lot which abuts a 58 and 32 foot street. The covenant shall inventory the affected lots by lot and block number and shall state that the covenant runs with the land and is binding on future owners and assigns.
- M. Since this plat proposes the platting of narrow street right-of-way with adjacent "15-foot street, drainage and utility easements," a restrictive covenant shall be submitted which calls out restrictions for lot-owner use of these easements. Retaining walls and change of grade shall be prohibited within these easements as well as fences, earth berms and mass plantings. Any plantings within the easement shall be reviewed by the City Forestry Division prior to installation.
- N. The final plat tracing shall plat reserve "E" and the 50-foot emergency access "panhandle" to Kenny Street as shown on the preliminary plat (If, for what ever reason, reserve "E" is not to be shown on the final plat tracing then lots 35 thru 43 shall be labeled lots 1 thru 8 with block number).
- O. The final plat tracing shall reference the required minimum building pad elevation in Mean Sea Level as well as City Datum. It shall also be indicated whether these elevations involve minimum openings or ground level elevations.

Re: S/D 89-39 - LOST CREEK ESTATES

Dear Gentlemen:

At the regular meeting of the Metropolitan Area Planning Commission on October 26, 1989, the above captioned plat was considered. The action of the Planning Commission was to recommend that the plat be approved as recommended by the Subdivision Committee subject to the conditions stated in our letter of October 20, 1989.

In addition to complying with those conditions, it is necessary that you meet the following requirements before this plat can be forwarded to the City Council for consideration:

1. Submission of the fully completed and signed tracing of the subdivision to the Metropolitan Area Planning Department.
2. Submission of a title report by an abstract or title insurance company or an attorney's opinion that fee title is vested in the plattor.
3. Certification that all real estate taxes for 1988 and all prior years have been paid.

Please call if you have any questions.

Sincerely,

R. Timothy Bickham
Associate Planner
