MINIMUM LOT AREA: .82 Acres

CURRENT ZONING: LC, BB & E

PROPOSED ZONING: LC(Z-2940), BB & E (DP-188)

VICINITY MAP:

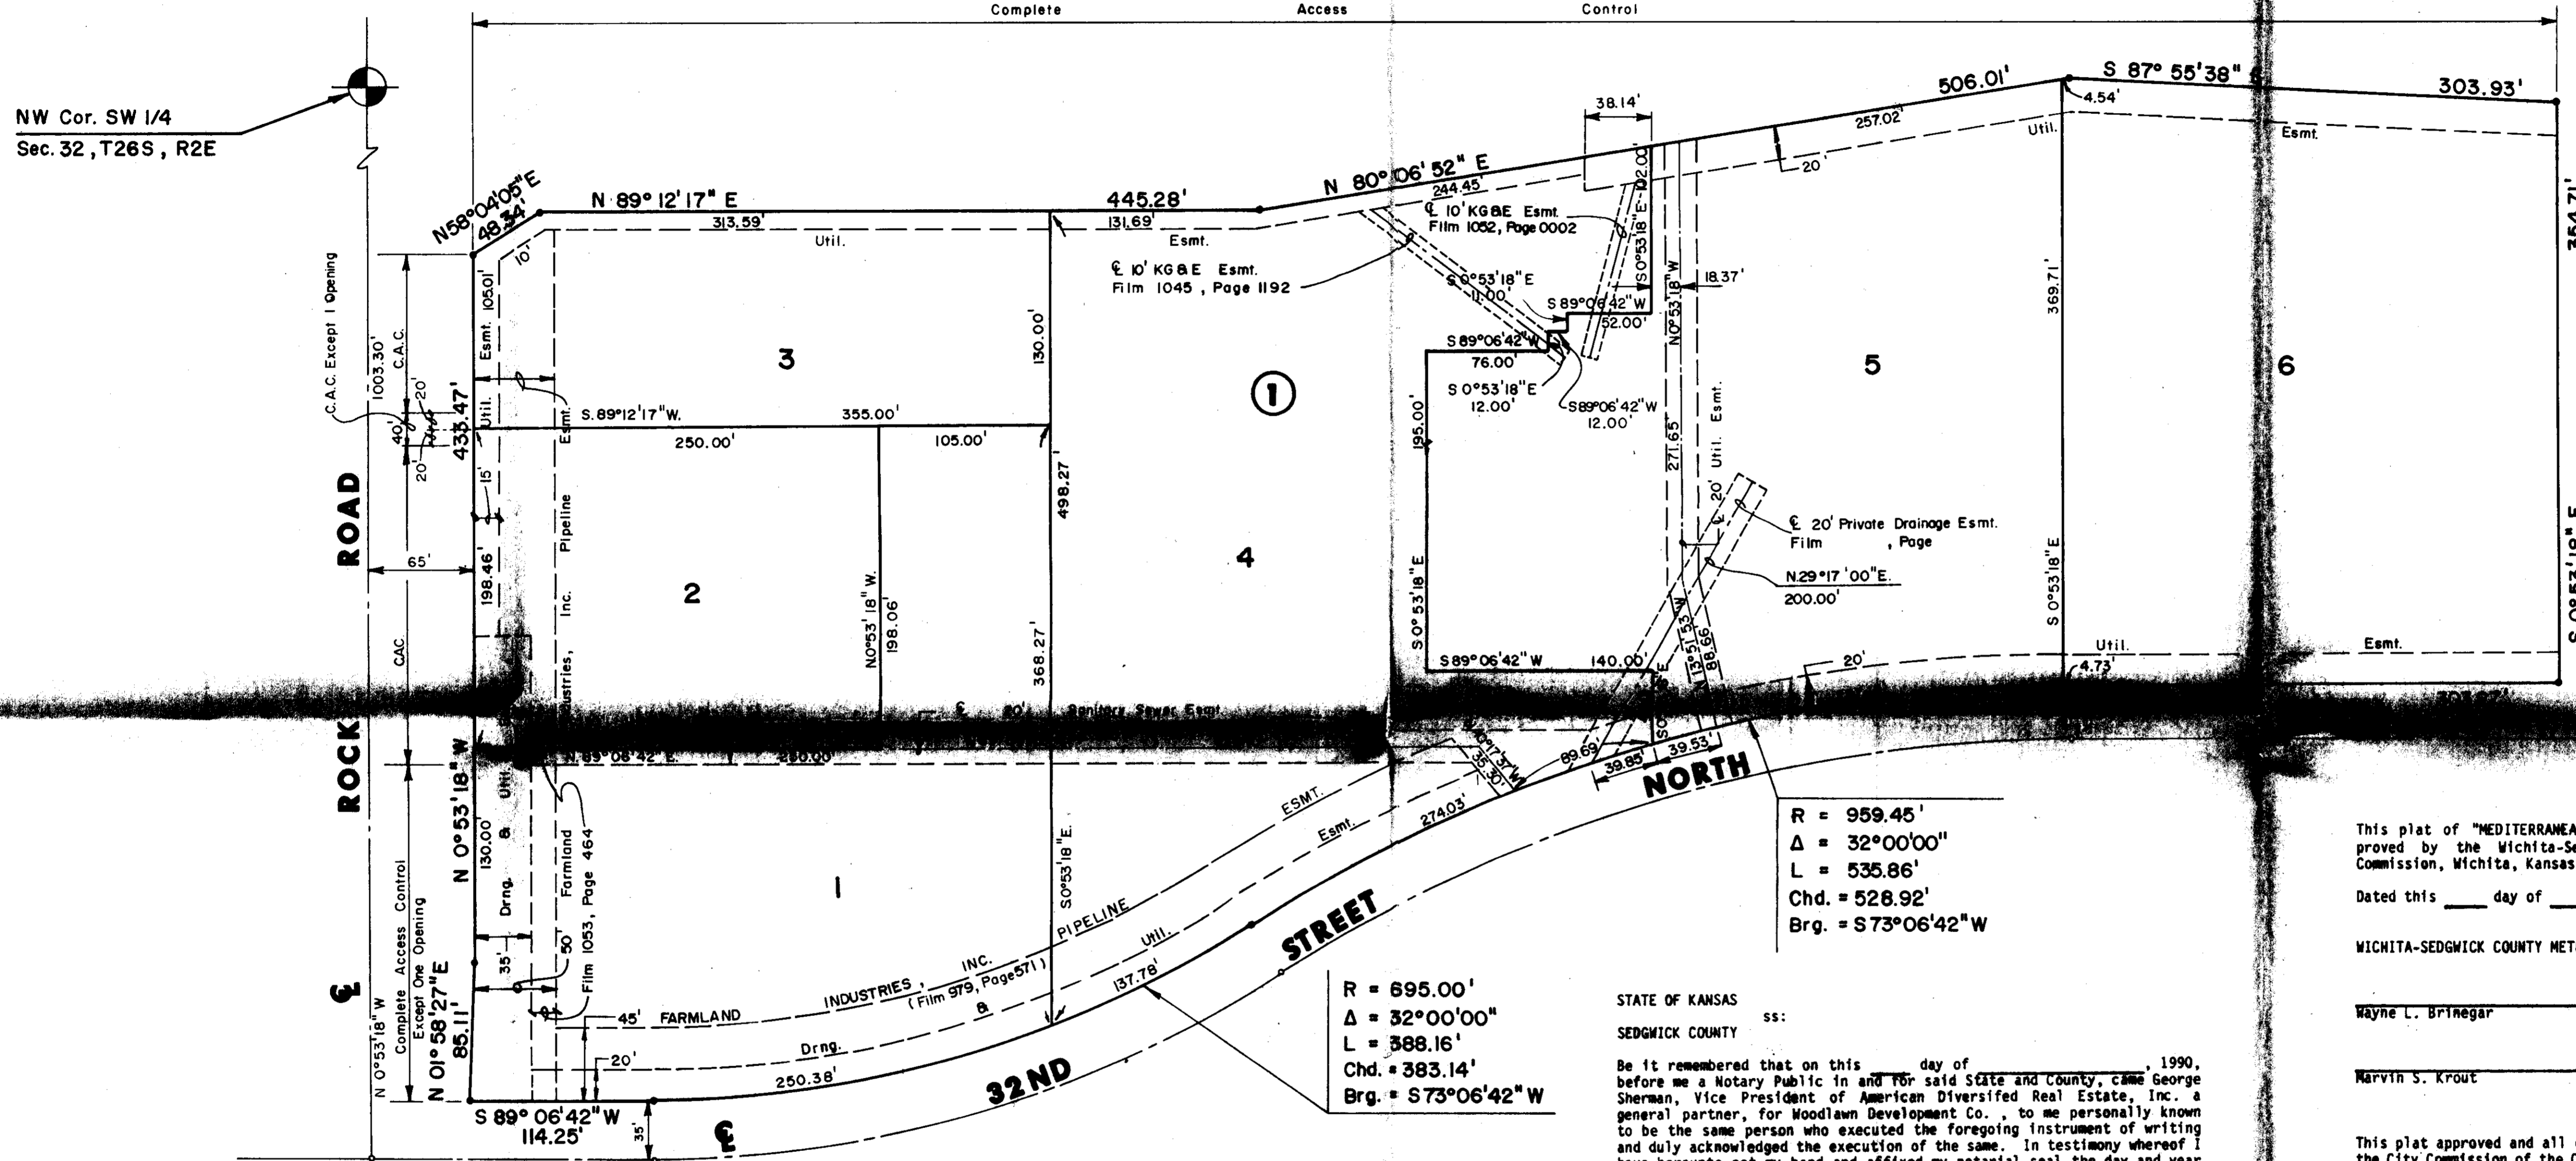

STAFF COMMENTS:

- A. Square footage figures shall be provided for the lots within this plat so existing special assessments and petitions may be amended.
- B. The applicant shall grant, by separate instrument, the private drainage easement on lot 2 that is required by the drainage plan for this plat. The text of the instrument shall clearly state which lot (lot 3) benefits from the terms of the private easement. A draft of the required separate instrument shall be submitted for staff review and approval. After approval, the instrument shall be recorded so the private easement and associated recording information may be indicated on the final plat tracing. A copy of the recorded easement shall be submitted for the plat file.
- C. Since the applicant now intends to continue use of the existing sanitary sewer along the southern section of lot 2 rather than relocating this line, a permanent easement shall be indicated here on the final tracing, instead of the temporary easement as shown on the final plat.
- D. The applicant shall submit a copy of the instrument which establishes the Coop Easement on this property. The applicant's agent shall determine any setback requirements from the pipeline by researching the text of the pipeline agreement.
- E. The final plat shall indicate the recording information for the Coop pipeline easement on this property.
- F. The applicant shall provide proof, by letter from Coop or by copy of the pipeline easement agreements, that the pipeline easement as shown is sufficient and that utilities may be located adjacent to and within the easement. Any relocation, lowering or encasement of the pipeline, required by this development, will not be at the expense of the City.
- G. A note shall be placed on the face of the final plat tracing which indicates that building setbacks between lots are per requirements of C.U.P.-188. The plattor's text shall also note these requirements. The present reference to a C.U.P. on the final plat is inadequate.
- H. The City Council signature block shall be amended to indicate "Bob Knight" as Mayor and shall show that the plat is accepted by the City "Council" not "Commission."
- I. On the final plat tracing, the dedication of complete access control to the proposed Northeast Expressway shall be referenced in the plattor's text.

Re: S/D 88-108 - MEDITERRANEAN PLAZA 2ND

Dear Gentlemen:

At the regular meeting of the Subdivision Committee of the Metropolitan Area Planning Commission on June 8, 1989, the above captioned plat was considered. The action of the Committee was to recommend that the plat be approved as recommended by the Subdivision Committee subject to the conditions stated in our letter of June 2, 1989.

In addition to complying with those conditions, it is necessary that you meet the following requirements before this plat can be forwarded to the Board of City Commissioners for consideration:

1. Submission of the fully completed and signed tracing of the subdivision to the Metropolitan Area Planning Department.
2. Submission of a title report by an abstract or title insurance company or an attorney's opinion that fee title is vested in the plattor.
3. Certification that all real estate taxes for the first half of 1988 and all prior years have been paid.

Please call if you have any questions.

Sincerely,

R. Timothy Bickhaus
Associate Planner
