Re: S/D 88-94 - Heritage Hill Estates

Dear Mr. Moser:

At the regular meeting of the Subdivision Committee of the Metropolitan Area Planning Commission on December 21, 1988, the above captioned plat was considered. The action of the Committee was to recommend that the plat be approved as recommended by the Subdivision Committee subject to the conditions stated in our letter of December 16, 1988.

In addition to complying with those conditions, it is necessary that you meet the following requirements before this plat can be forwarded to the Board of City Commissioners for consideration:

1. Submission of the fully completed and signed tracing of the subdivision to the Metropolitan Area Planning Department.
2. Submission of a title report by an abstract or title insurance company or an attorney's opinion that fee title is vested in the platlor.
3. Certification that all real estate taxes for 1988 and all prior years have been paid.

Please call if you have any questions.

Sincerely,

A handwritten signature in black ink, appearing to read "R. Timothy Bickhaus".

R. Timothy Bickhaus
Junior Planner

STAFF COMMENTS:

- A. Since neither municipal water nor sanitary sewer is available to serve this property, the applicant shall contact the Environmental Health Division of the Health Department to find out what tests may be necessary and what standards are to be met for approval of on-site sewerage facilities and water wells. A memorandum shall be obtained specifying approval.
- B. The applicant shall guarantee the construction of the proposed interior streets to suburban street standards.
- C. If improvements are guaranteed by petition, a notarized certificate listing the petitions shall be submitted to the Planning Department for recording.
- D. On the final plat tracing the following street names shall be used: Mill Stream Road for the northern east-west street, Oak Tree Lane for the southern east-west street, and Heritage Hill Lane for the north-south street.
- E. The applicant shall provide County Engineering with additional information to determine any drainage improvements or floodway requirements for this plat. The final plat tracing shall indicate any floodway needed for this plat, in addition any needed minimum building pad elevations shall be shown on the final plat tracing. If a floodway is required, the platter's text shall reference the standard floodway language. If minimum building pad elevations are required, these elevations shall be shown on the face of the plat and referenced in the platter's text. The face of the plat shall also reference the location and elevation of permanent on-site and off-site benchmarks. Section 5-402(N).
- F. On the final plat tracing, all references to Section 16, shall be corrected to indicate Section 18.
- G. As requested by K.G. & E., the final plat tracing shall indicate a 10-foot utility easement along the north line of Lot 1 and south line of Lot 2, Block 4.
- H. The final plat tracing shall indicate the platting of building setbacks from Rock Road and 61st Street North. The applicant's engineer has indicated the desire to plat a 50-foot building setback from Rock Road and a 60-foot building setback from 61st Street North.
- I. On the final plat tracing the surveyor's and platter's text shall be changed to conform more to the example MAPD sent to the applicant's engineer.
