STAFF COMMENTS:

- A. This replat proposes the subdivision of a large lot in the original Westlink Village Addition. As originally platted, the large lot contained 36,590 square feet. The estimated average lot area of adjacent platted lots is 9,732 square feet. The estimated average lot frontage of adjacent platted lots is 79 feet.

Staff recommends that this plat be redesigned so as to create only four new lots rather than five. This redesign would better conform to the average lot sizes and street frontages of the existing lots in the general area.

- B. The applicant shall guarantee the extension of sanitary sewer to serve the lots being platted.
- C. The applicant shall guarantee any drainage improvements required by the platting of this property.
- D. If improvements are guaranteed by petition, a notarized certificate listing the petitions shall be submitted to the Planning Department for recording.
- E. The applicant's engineer is advised that the Register of Deeds is requiring the name(s) of the notary public, who acknowledges the signatures on this plat, to be printed beneath the notary's signature.
- F. The applicant shall install or guarantee the installation of all utilities and facilities which are applicable and described in Article 8 of the MAPC Subdivision Regulations.
- G. Perimeter closure computations shall be submitted with the final plat tracing. Section 5-101(C).
- H. Recording of the plat within 30 days after approval by the City Council.
- I. The representative from the City Engineer's office should be prepared to comment on the status of the applicant's drainage plan. Specifically, are any drainage guarantees required?

Re: Final Plat S/D 88-1 - PUTTER PLACE

Gentlemen:

At the regular meeting of the Metropolitan Area Planning Commission on February 4, 1988, the above-captioned plat was considered. The action of the Planning Commission was to recommend that the plat be approved as recommended by the Subdivision Committee subject to the conditions stated in our letter of January 29, 1988.

In addition to complying with those conditions, it is necessary that you meet the following requirements before this plat can be forwarded to the City Council for consideration:

1. Submission of the fully completed and signed tracing of the subdivision to the Metropolitan Area Planning Department.
2. Submission of a title report by an abstract or title insurance company or an attorney's opinion that fee title is vested in the platfor.
3. Certification that all real estate taxes for 1987 and all prior years have been paid.

Please call if you have any questions.

Sincerely,

Donald Losew
Junior Planner
