Re: Final Plat S/D 88-23 - HEDGEWOOD ADDITION

Gentlemen:

At the regular meeting of the Metropolitan Area Planning Commission on April 28, 1988, the above-captioned plat was considered. The action of the Planning Commission was to recommend that the plat be approved as recommended by the Subdivision Committee subject to the conditions stated in our letter of April 22, 1988.

In addition to complying with those conditions, it is necessary that you meet the following requirements before this plat can be forwarded to the City Council for consideration:

1. Submission of the fully completed and signed tracing of the subdivision to the Metropolitan Area Planning Department.
2. Submission of a title report by an abstract or title insurance company or an attorney's opinion that fee title is vested in the plattor.
3. Certification that all real estate taxes for 1987 and all prior years have been paid.

Please call if you have any questions.

Sincerely,

Donald Losew
Junior Planner

FINAL PLAT

Know all men by these presents, that we, the undersigned, have caused the land described in the surveyors certificate to be platted into lots and a street to be known as "HEDGEWOOD ADDITION", Wichita, Kansas. The easements are hereby granted as indicated for the construction and maintenance of public utilities. The street is hereby dedicated to and for the use of the public. All abutters rights of access to Harry are hereby granted to the City of Wichita, Kansas.

- M. The applicant's engineer is advised that the Register of Deeds is requiring the name(s) of the notary public, who acknowledges the signatures on this plat, to be printed beneath the notary's signature.
- N. The applicant shall install or guarantee the installation of all utilities and facilities which are applicable and described in Article 8 of the MAPC Subdivision Regulations.
- O. Perimeter closure computations shall be submitted with the final plat tracing. Section 5-101(C).
- P. Recording of the plat within 30 days after approval by the City Council.
- Q. The representative from City Engineering should be prepared to comment on the status of the applicant's drainage plan.

APRIL 21, 1988

STAFF REPORT
(Final Plat; Preliminary Approved 4/7/88)

CASE NUMBER: S/D 88-23 - HEDGEWOOD ADDITION

OWNER/APPLICANT: Casado-McKay Properties, 236 S. Topeka,
Wichita, KS 67202

SURVEYOR/ENGINEER: Baughman Company, P.A.

LOCATION: North side of Harry, in an area east of Rock Road.

SITE SIZE: 4.0 Acres

NUMBER OF LOTS:

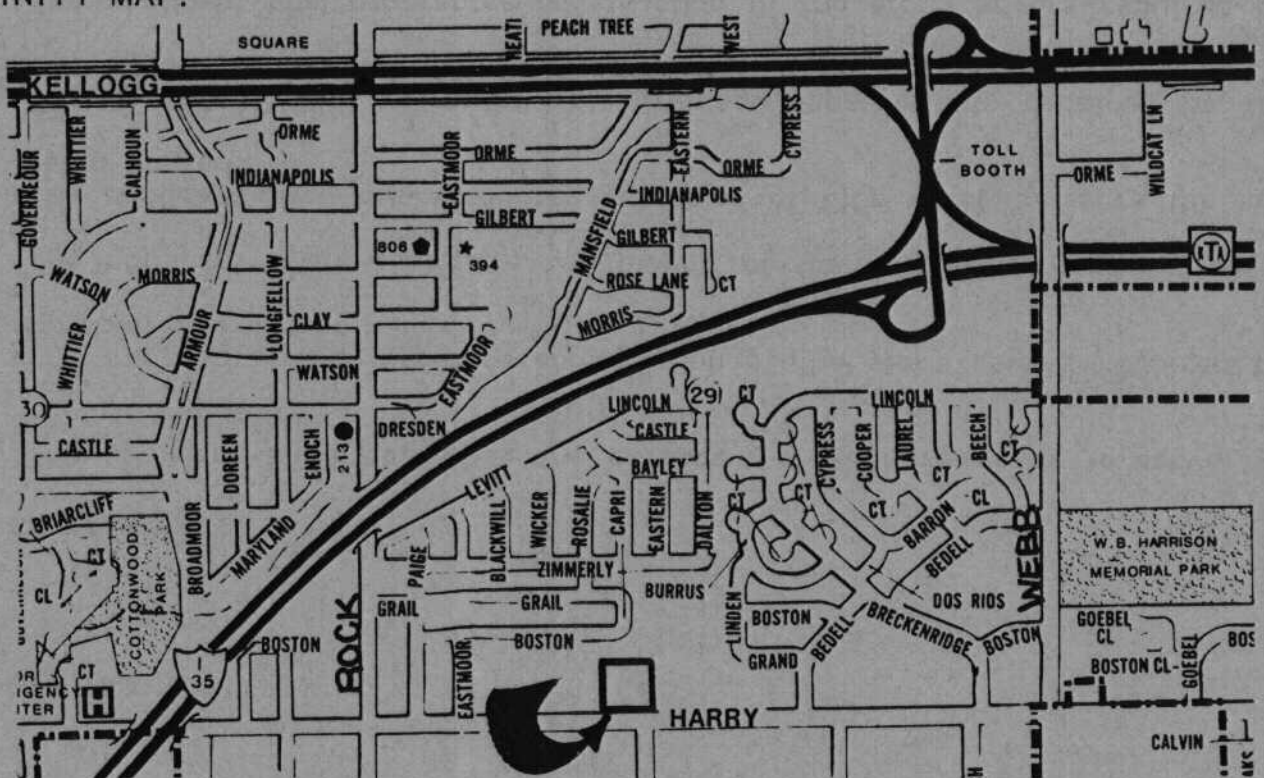

Residential:	20
Office:	
Commercial:	
Industrial:	
Total:	20

MINIMUM LOT AREA: 6,600 Sq. Ft.

CURRENT ZONING: "BB"

PROPOSED ZONING: "AA"

VICINITY MAP:

STAFF COMMENTS:

- A. The applicant shall guarantee the extension of sanitary sewer to serve the lots being platted.
- B. The applicant shall guarantee construction of the storm sewers required by this plat.
- C. The applicant shall guarantee the paving of the proposed interior streets.
- D. The applicant shall guarantee the extension of City water to serve the lots being platted.
- E. The applicant shall guarantee any drainage improvements required by the platting of this property.
- F. The applicant shall guarantee construction of the storm sewers required by this plat.
- G. If improvements are guaranteed by petition, a notarized certificate listing the petitions shall be submitted to the Planning Department for recording.
- H. Since this property is being platted for the development of single-family homes, the applicant shall request that this property be down-zoned to the "AA" zoning district. Approval of this preliminary plat is subject to approval of this zone change case. Down-zoning will remove all sidewalk requirements required by the City's Sidewalk Ordinance and will avoid the need to plat right-of-way for a 41-foot wide paved street (business/office street standard).
- I. The applicant shall submit an avigational easement covering all of subject plat and a restrictive covenant assuring that adequate construction methods will be used to minimize the effects of noise pollution in the habitable structure constructed on subject property.
- J. Approval of this plat requires the waiving of the minimum 60-foot wide lot frontage requirement of the Subdivision Regulations. Section 7-204(D)(1). It is noted that the subdivider is proposing the creation of 50-foot wide lots, whereas the Subdivision Regulations require a minimum of 60-feet of width. Given the fact that much of the adjacent property has been developed with apartments, the added density generated by the proposed 50-foot wide lots appears to be appropriate for the area. Also, the subdivider has agreed to plat a wider residential street to handle the added residential activity. With the above factors in mind, it is recommended that the 50-foot wide lots be permitted.
- K. On the final plat tracing, both the drainage easement and a 15-foot building setback shall be indicated on Lot 20 along Harry Street. The 15-foot dimension shall also be shown on Lot 20.
- L. On the final plat tracing, the plattor's text shall be amended to reference the granting of the drainage easement.
