Re: S/D 80-93 - Final Plat of Tower Lake Estates Addition.

Dear Mr. Daniel:

At the regular meeting of the Metropolitan Area Planning Commission on April 3, 1986, the above-captioned plat was considered. The action of the Planning Commission was to recommend that the plat be approved as recommended by the Subdivision Committee subject to the conditions stated in our letter of March 28, 1986.

In addition to complying with those conditions, it is necessary that you meet the following requirements before this plat can be forwarded to the Board of City Commissioners for consideration:

1. Submission of the fully completed and signed tracing of the subdivision to the Metropolitan Area Planning Department.
2. Submission of a title report by an abstract or title insurance company or an attorney's opinion that fee title is vested in the plattor.
3. Certification that all real estate taxes for 1985 and all prior years have been paid.

Please call if you have any questions.

Very truly yours,

Forrest L. Nagley  
Senior Planner

- 

STAFF COMMENTS:

NOTE: The applicant's associated zone case (SCZ-0557), requesting "R" to "R-1" has been approved subject to platting.

- A. The applicant shall guarantee the construction of Tower Lakes Circle to the suburban street standard, including associated drainage improvements.
- B. Provisions shall be made for ownership and maintenance of the proposed reserves. The applicant shall either form a lot owners' association prior to recording the plat or shall submit a covenant stating when the association will be formed, when the reserves will be deeded to the association and who is to own and maintain the reserves prior to the association taking over those responsibilities.
- C. Since this property is located outside the 3-mile ring of the City of Wichita, the final plat tracing shall omit the City Commissioners' signature block.
- D. On the final plat tracing, the centerline of 215th Street West shall be indicated.
- E. On the final plat tracing, the face of the plat shall more clearly indicate a tie point to the northwest corner of the southwest quarter of Section 6.
- F. Perimeter closure computations shall be submitted with the final plat tracing. Section 5-101(C).
- G. Recording of the plat within 30 days after approval by the Board of City Commissioners.
- H. The representative from the County Engineer's office should be prepared to comment on the status of the applicant's drainage plan.
