

- J. The applicant shall guarantee the construction of the needed "free-flow right turn lanes" for the adjacent interstate ramps. The applicant shall also guarantee the signalization of the interstate ramps. In this regard, the City Traffic Engineer has agreed to forward the proposed interstate reconstruction plans to KDOT. If KDOT provides written assurance that they will install signalization for the off-ramps when traffic volumes so require, then the applicant need not provide the guarantee for signalization of the interstate ramps. The City Engineer's representative should be prepared to advise the Committee regarding contact with the State.
- K. If improvements are guaranteed by petition, a notarized certificate listing the petitions shall be submitted to the Planning Department for recording.
- L. Provision shall be made for ownership and maintenance of the proposed reserves. The applicant shall either form a lot owners' association prior to recording the plat or shall submit a covenant stating when the association will be formed, when the reserves will be deeded to the association and who is to own and maintain the reserves prior to the association taking over those responsibilities.
- M. For those reserves being platted for drainage purposes, (e.g., Reserve A), the covenant establishing ownership and maintenance responsibilities of these reserves shall also provide for the City to maintain the reserve in the event the owner(s) fail to do so and charge the cost of such maintenance to the owner(s). This covenant shall be binding on all future owners and shall run with the land.
- N. The proposed "32-foot wide access, drainage and utility easements" proposed to serve Lots 6 through 25, Block 1 shall be established by separate instrument. Drafts of these easements shall be submitted to the Planning Department for review and approval. After approval as to form and content, they shall be recorded with the Register of Deeds so they may be indicated on the final plat tracing with appropriate recording information. The access easement portion of the agreement shall state clearly what lots benefit from the easement, who is responsible for maintenance of the access drive and who is to share in the cost of initial construction.
- O. The final plat tracing shall indicate the recording information of the drainage ditches to the west and south of this plat.
- P. The platlor's text, on the final plat tracing, shall be amended to more correctly reference the access control being established by this plat. The following wording is suggested:

"All abutters rights-of-access over and across the north lines of Lots 4 and 5, Block 1, to 33rd Street South are hereby dedicated to the City of Wichita except for one point for emergency access from Lot 4 to 33rd Street South. All abutters rights-of-access across the east lines of Blocks 1 and 2 to Meridian Avenue are hereby dedicated to the City of Wichita, except that Lot 1, Block 1 shall have access to Meridian within the south 60 feet.
- Q. The final plat tracing shall change Block 3 to Block 2. Block 2, as indicated on the plat, shall be included as part of Block 1 and the lots re-numbered accordingly.
- R. On the final plat tracing, the platlor's text shall omit referencing that the access easement being platted as part of Lots 1 and 2, Block 1 is being platted as a private street. Instead, the wording shall clearly state that the access easement is being platted for access to Meridian from lots adjacent to the access easement.
- S. The representative from the City Engineer's office should be prepared to comment on the status of the applicant's drainage plan. Specifically, what drainage improvements shall be guaranteed with this plat.
- T. Closure computations shall be submitted with the final plat tracing.
- U. Recording of the plat within 30 days after approval by the Board of City Commissioners.

- G. The applicant shall guarantee the construction of a sidewalk adjacent to the north line of this plat from Meridian to Sheridan.
- H. The applicant shall guarantee the minor curb work required on Mt. Carmel and Gordon.
- I. The applicant shall guarantee all the necessary reconstruction projects for Meridian between 33rd Street and I-235 which are required by this replat. The guarantee shall include accel/decel lanes, left turn bays, raised medians, street widening and condemnation of additional right-of-way. In addition to this guarantee, the applicant shall guarantee signalization of the proposed access easement at Meridian and the 35th Street/Meridian intersection. The guarantee for signalization of the access easement will be held until such time as traffic counts merit installing the signalization, but not longer than five years.

Know all men by these presents that we the undersigned property owners of the land as above set forth in the Civil Engineers Certificate, have caused the same to be surveyed and platted into lots, blocks, streets and reserves, the same to be known as "MERIDIAN OUTLET MALL" an addition to Wichita, Sedgwick County, Kansas. Easements for construction and maintenance of public utilities as indicated on the accompanying plat are hereby granted. Reserve "A" is platted for construction and maintenance of public utilities, drainage, open space, a lake and recreation. Reserves "B", "C" and "D" are platted for landscaping, utilities, irrigation and project identification signs. Reserves are to be owned and maintained by the Homeowners Association. All abutters rights of access over and across the west line of Meridian to or from Blocks 1, 2 and 3 and across the south line of Thirty-third Street South, except for one opening for emergency purposes, as indicated on the accompanying plat, are hereby granted to the City of Wichita. The access easement on Lots 1 and 2 of Block 1 is being platted for a private street, drainage and utilities to serve Lots 1, 2 and 3 of Block 2. The location of the emergency access opening across the south line of Thirty-third Street South shall be determined by the City Engineer of the City of Wichita. The building setbacks shall be in accordance with the Meridian Outlet Mall Commercial and Residential Community Unit Plan (DP-138) on file in the Wichita-Sedgwick County Metropolitan Area Planning Department Office.

Re.: S/D 84-55 - Final Plat of Meridian Outlet Mall

Gentlemen:

At the regular meeting of the Metropolitan Area Planning Commission on January 24, 1985, the above-captioned plat was considered. The action of the Planning Commission was to recommend that the plat be approved as recommended by the Subdivision Committee subject to the conditions stated in our letter of January 18, 1985.

In addition to complying with those conditions, it is necessary that you meet the following requirements before this plat can be forwarded to the Board of City Commissioners for consideration:

1. Submission of the fully completed and signed tracing of the subdivision to the Metropolitan Area Planning Department.
2. Submission of a title report by an abstract or title insurance company or an attorney's opinion that fee title is vested in the platfor.
3. Certification that all real estate taxes for 1984 (both first and second halves) and prior years have been paid.

Please call if you have any questions.

Very truly yours,

Barbara R. Bonanni
Junior Planner
