

**BACKGROUND:** The applicant is requesting an exception to permit a parking lot in the "A" district which would provide additional parking for the Hunter Health Clinic. The proposed lot is located north of the alley north of Central between Spruce and Grove. The clinic is on the south side of that alley. Because of residential zoning to the north, a 6-foot to 8-foot solid fence is required on the north; because of residential zoning to the east and west, a 3-foot to 4-foot fence or landscape screening is required on the east and west. The applicant has requested that landscape screening be permitted, rather than a fence on all three sides. On the west half of the property there exists a dense growth of "volunteer" plants, but staff could not determine which were on the applicant's property and which were on the undeveloped lot to the north. Staff supports landscaping in lieu of fencing along the Spruce and Grove frontages because across Spruce to the west is a parking lot and because Grove right-of-way is extremely wide at this location and provides much separation between the application area and residences to the east. Staff would support landscaping in lieu of fencing along the west half of the north line if the proposed plantings, along with existing plants which are to remain, would provide a sufficiently solid screen. However, because of the existing duplex just north of the east half of the site, staff believes a 6-foot high solid wood fence should be required here.

**ADJACENT ZONING AND LAND USE:**

NORTH	"A"	Duplex and undeveloped
SOUTH	"LC"	Hearing aid center; health clinic; & flower shop
EAST	"A"	Grove Street and single-family residences
WEST	"A"	Parking lot for Planned Parenthood

**RECOMMENDATION:** Should the Board determine that a parking lot is appropriate at this location, it is recommended that the exception be approved, subject to the following conditions:

1. The parking spaces and back-out aisles shall be surfaced with concrete, asphalt or asphaltic concrete, marked in accordance with the approved plan, and maintained in good condition.
2. A 6-foot fence of wood or masonry shall be erected along the north property line from the north-south alley east to the front 25-foot setback line from Grove.
3. A 6-foot fence of wood or masonry OR a landscape screen shall be established along the north property line from the north-south alley west to the front 25-foot setback line from Spruce. If the applicant chooses landscaping, 3 copies of the landscape plan shall be submitted to the Secretary for review and approval prior to release of the resolution and within 90 days after approval of this use exception, or the application shall be considered denied and closed.
4. This parking lot shall be used only for the parking of passenger vehicles owned or operated by employees and clients of the Hunter Health Clinic or future users of the building at 2318 E. Central.
5. Only such signs as are necessary for the operation of the parking lot shall be permitted and shall not exceed the size set forth in 28.04.139.C.1 of the Zoning Ordinance.
