

BACKGROUND: Quality Child Care Centers, Inc.-Wesley Children's Center is requesting an exception to permit a child care center to be operated five days a week (Monday - Friday) in the University Christian Church at 4401 E. 17th. There would be two shifts: 6:00 a.m. - 4:30 p.m. and 3:00 p.m. - 12:00 midnight. Outdoor play times (in season) would be staggered and would range from 9:00 - 11:00 a.m., 3:00 - 5:30 p.m., and 6:45 - 7:45 p.m. The applicants have stated they are licensed for 59 children in the day and 24 at night. The existing church parking lot can provide a sufficient number of spaces for this child care center.

ADJACENT ZONING AND LAND USE:

NORTH	"U"	Golf course
SOUTH	"AA"	Railroad tracks & one-family dwellings
EAST	"AA"	Undeveloped church property
WEST	"AA"	One-family dwellings

RECOMMENDATION: Staff finds that the conditions of approval as set out in the Zoning Ordinance can be met; the low-density residential character of the neighborhood is a suitable environment for a child care center; the existing church facilities, with some modifications as required by the health and building codes, are suitable for the proposed use; and the outdoor play area is sufficient in size and located far enough away from existing residences so as not to create an undue disturbance for adjacent dwellers. Should the Board determine that a child care center is appropriate at this location, it is recommended that the exception be approved, subject to the following conditions:

1. The center shall comply with all licensing requirements of the Kansas State Department of Health, including all building and fire safety regulations of the state of Kansas and the city of Wichita.
2. The Department of Community Health shall determine the maximum number of children to be permitted in the center.
3. Outdoor play shall be limited to the hours between 7:30 a.m. and 6:30 p.m. when any part of the fenced play area is within 100 feet of any occupied residence.
4. One off-street parking space shall be provided on the premises for each teacher and employee, plus one off-street parking space for each vehicle used in the operation of the child care center.
5. When the capacity of the child care center exceeds 12, one off-street loading space shall be provided for each 10 children or major fraction thereof.
