Re: BZA 8-89 - Exception to permit a child care center (6100 W. Maple).

Dear Ms. Olick:

Enclosed is a signed copy of the above-referenced BZA resolution adopted by the Board of Zoning Appeals on March 28, 1989. This resolution reflects the official action of the Board to grant your request and sets out the conditions of approval. It is forwarded to you for your information and files.

This is a reminder that the zoning adjustment signs should now be removed from the property. If you have any questions concerning this matter, please contact our office.

Sincerely,

BACKGROUND: The applicant, Central Community Church of God, is requesting an exception to permit the operation of a day care center within their new church facility at 6100 W. Maple. The center is already in operation and has been licensed by the Kansas Department of Health and Environment. When Central Inspection reviewed the plans for the new building last year, they advised the builder in writing of the need for a BZA exception, but apparently this information was never passed along to the owner. The church's former site on south Market was zoned "B", which permitted a day care center outright.

The new day care center is licensed for up to 100 children aged 3 to 7. Current enrollment is 66. The center, known as Noah's Ark Child Care Center, operates from 6:30 a.m. to 6:00 p.m. Mondays through Fridays. They currently employ an administrator, 10 teachers, a cook and a secretary-receptionist. There is a covered unloading area at the child care center entrance and sufficient parking in the church parking lot to accommodate all parking needs of the center. A playground exists adjacent to the southwesterly side of the building and is far removed from any residence in the area.

ADJACENT ZONING AND LAND USE:

NORTH	"AA"	Big Ditch and undeveloped
SOUTH	"AA"	Single-family homes and landscape nursery
EAST	"AA"	Big Ditch
WEST	"AA"	Undeveloped

RECOMMENDATION: Should the Board determine that a child care center is appropriate at this location, it is recommended that the exception be approved, subject to the following conditions:

1. The center shall comply with all licensing requirements of the Kansas Department of Health and Environment, including all building, parking and fire safety regulations of the State and/or the City.
2. The Department of Community Health shall determine the maximum number of children to be permitted in the center.
