REVISED SECRETARY'S REPORT

CASE NUMBER: BZA 40-89

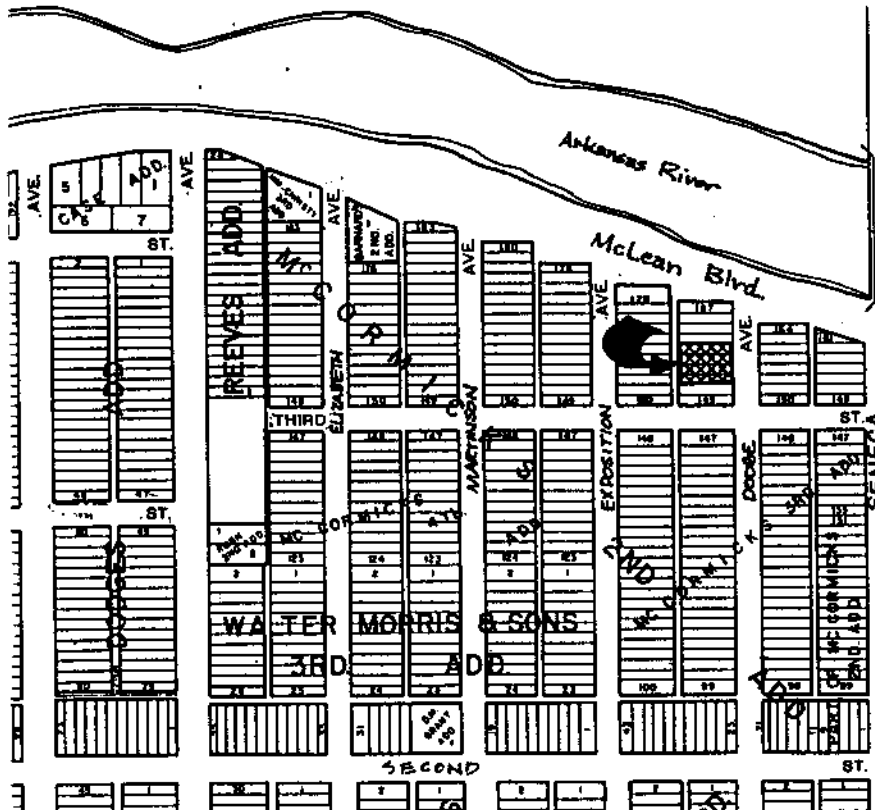

OWNER/APPLICANT/AGENT: Family Consultation Service, Inc.
(owner/applicant)
Oblinger, Mason, McCluggage & Van Sickle
(agents)

REQUEST: Exception to permit an off-street parking lot.

CURRENT ZONING: "A" Two-Family Dwelling District

SITE SIZE: 100 ft. x 134.9 ft.

LOCATION: West side of Dodge in an area south of McLean Blvd.

JURISDICTION: The Board has jurisdiction to consider this request under the provisions outlined in Section 2.12.590.C, Code of the City of Wichita. The Board may grant the exception, provided the conditions set out in Section 28.04.145 can be complied with.

BACKGROUND: The applicant, Family Consultation Service, Inc., located at the southeast corner of McLean and Exposition, is desirous of expanding their facility north into their existing parking lot. In order to do this, they must provide the necessary parking spaces elsewhere within 600 feet of the site. They have purchased property on Dodge southeast of their facility and separated from their existing building site by a 15-foot unpaved alley. A vacant residential building now occupies the Dodge Avenue site, but is scheduled for removal. The proposed site plan indicates that up to 35 parking spaces can be provided on the Dodge Avenue property. The lot can function without having to utilize the alley for vehicular access. Pedestrians, however, will need to use the alley to get from the parking lot to the office building. Because there is residential zoning to the north, south and west, screening will be required along these boundary lines, except where pedestrian alley access is proposed. The revised site plan shows a 6-foot wooden fence along these 3 property lines and a 3-foot wooden fence at the setback line along Dodge, except for points of ingress and egress.

ADJACENT ZONING AND LAND USE:

NORTH	"B"	One-family dwelling
SOUTH	"A"	One-family dwelling
EAST	"C"	Duplicating business
WEST	"A"	Two-family dwelling

RECOMMENDATION: Should the Board determine that an off-street parking lot is appropriate at this location, it is recommended that the exception be approved, subject to the following conditions:

1. The parking lot shall be used for passenger vehicles only and in no case shall it be used for sales, repair work, storage, dismantling or servicing of any vehicles, equipment, materials or supplies.
2. Only such signs as are necessary for the proper operation of the parking lot shall be permitted.
3. In no case shall a fee be charged for parking facilities provided by this use exception.
4. The parking lot and all access drives shall be paved with concrete, asphaltic concrete, or asphalt and maintained in good condition free of all weeds, trash and other debris.
5. Parking spaces shall have adequate guards to prevent extension of vehicles beyond property lines and to protect the fences from damage.
