SECRETARY'S REPORT

CASE NUMBER: BZA 8-93

OWNERS/APPLICANTS: Riverside Christian Church & Little Miracles
Preschool

AGENT: Brent Schock

REQUEST: Exception to permit expansion of a previously
approved preschool to include an outdoor
playground

CURRENT ZONING: "A" Two-Family Dwelling District

SITE SIZE: .96 acre

LOCATION: West side of Litchfield, north of Harrison
(1001 Litchfield)

JURISDICTION: The Board has jurisdiction to consider this request under the provisions outlined in Section 2.12.590.C, Code of the City of Wichita. The Board may grant the exception, provided the conditions set out in Section 28.04.185(2) can be complied with.

BACKGROUND: In August 1991, the Board approved a use exception for a preschool to be operated within the existing Riverside Christian Church facility at 1001 Litchfield. The south 175 feet of the church's ownership was included in the application. This area included the church building and the 15-car paved parking lot just north of the church. The preschool was approved for a maximum of 22 children at any one session. Ages of the children were to range from 2½ years to kindergarten age (usually 5 years). Two sessions were planned: M-W-F, 9-11:30 a.m., and T-Th, 9-11:30 a.m. Because of the limited hours per session, an outdoor play area is not required and was not proposed at that time.

The church and preschool (Little Miracles Preschool) now desire to provide a playground on vacant land the church owns further north in this block, about 150 feet north of the church building. It is situated between the church's second paved 15-car parking lot and the Riverview Condominiums, which are located in a five-story structure on the corner of Litchfield and West River Boulevard.

A custom-built play structure is proposed for this playground, pictures and a written description of which are attached.

Because the lots which are to accommodate the playground were not included in the 1991 use exception for a preschool (BZA 19-91) and because a private playground is not a use permitted by right in the "A" district, this amended preschool use exception was filed and must be approved before the playground can be installed. The agent has stated that all other aspects of this preschool operation (maximum number of children per session, number of sessions, hours of operation, etc.) will remain as originally presented.

ADJACENT ZONING AND LAND USE:

NORTH	"A"	Residential multi-story condominiums
SOUTH	"A"	One-family dwelling
EAST	"A"	One-family dwellings
WEST	"A"	One- and two-family dwellings

RECOMMENDATION: Should the Board determine that expansion of a preschool to include an outdoor playground is appropriate at this location, it is recommended that the exception be approved, subject to the following conditions:

1. The preschool shall comply with the regulatory requirements of the state and local Health Departments and with the building and fire safety regulations of the City and State.
2. The maximum number of children shall not exceed 22 at any one session.
