DATED this 29th day of June, 2005.

Background: The application area is an irregularly shaped platted lot located approximately 400 feet north of 71st Street South and east of West Street. The application area contains 9.71 acres and is currently zoned RR Rural Residential. The applicant is seeking to rezone the property to SF-20 Single-family Residential to permit a church. The site is located within 2,000 feet of the City of Haysville, which triggers a zoning area of influence review by that City's Planning Commission. The site is undeveloped today.

The application area is located adjacent to a Sedgwick County Fire Station, which is located right on the corner of the intersection of West Street and 71st Street. All other nearby land is undeveloped and used for agricultural purposes and also zoned RR Rural Residential.

Analysis: The Haysville Planning Commission reviewed this request on May 12, 2005 and recommended approval. The MAPC reviewed this application on May 26, 2005 and also recommended approval. No one was present to speak in opposition. No protest petitions have been received.

Alternatives:

1. Approve the zone change, adopt the findings of the Metropolitan Area Planning Commission and authorize the Chairman to sign the resolution.
2. Deny the zone change and override the MAPC recommendation (requires a 2/3 majority vote).
3. Return the application to the MAPC for reconsideration with a statement specifying the basis for the BoC's failure to approve or disapprove.

Financial Considerations: Not applicable.

Policy Considerations: the MAPC recommendations are based upon the findings of fact stated in the MAPC minutes.

Legal Considerations:  *mmf* Approved as to form and signed by County Counselor's Office
