Know all men by these presents that we, the undersigned, have caused the land described in the surveyors certificate to be platted into Lots, Blocks, Reserves and Streets to be known as "HEDGE CREEK ESTATES" an Addition to Sedgwick County, Kansas. The streets are hereby dedicated to and for the use of the public. The contingent street dedication is hereby dedicated to and for the use of the public, contingent upon the need for the right of way to connect with future street dedications to the east. The sign easement are hereby granted for subdivision signage purposes. The drainage easements are hereby granted as indicated for drainage purposes. The utility and drainage easements are hereby granted as indicated for the construction and maintenance of all public utilities and for drainage purposes. The street drainage and utility easements are hereby granted as indicated for the construction and maintenance of all public utilities and for street drainage purposes. Reserves "A" and "B" are hereby reserved for floodway easements and shall be owned and maintained by the home owners association for the addition until such time as the governing body exercising jurisdiction elects to assume the responsibility for the maintenance and improvement of the drainage. Provided further, that no building shall be constructed on or within said floodway easement nor shall any fill, change of grade, creation of channel or other work be carried on without the permission of the appropriate governing body. With such permission of said appropriate governing body, additional improvements and/or activities may be permitted within said floodway easement such as landscaping, water features, paths, pedestrian crossings and recreational facilities. A drainage plan has been developed for this plat and all drainage easements and rights-of-way shall remain at established grades or modified with the approval of the Engineer of the appropriate governing body, and unobstructed to allow for the conveyance of stormwater. Access control is hereby granted as indicated on the face of the plat. Minimum Pad elevations for lowest opening into structures are as shown on the face of the plat.
