

GENERAL PROVISIONS

- This project is proposed to contain 106.2 gross acres or 102.1 net acres. Net acres are determined by subtracting collector streets R.O.W. (6.1 acres) from the overall development.
- The proposed development, as illustrated, is to contain the following types of housing. The housing types illustrated are noted in the parcel descriptions under General Provision Number 17 below.
ILLUSTRATED UNITS
100 SINGLE FAMILY UNITS
38 ZERO LOT LINE UNITS
32 PATIO HOME/DUPLEX
170 TOTAL UNITS
- Net density calculation: If the parcels are developed as illustrated (170 units), the overall density of the site would be 1.67 DU/ACRE.
- Setbacks are to be determined at the time of platting depending on land use or generally the minimum setbacks shall be as shown on the chart below.

FRONT YARD	50' ROW	32' ROW	55' ROW	64'-70' ROW	PRIVATE(1) STREET FROM CL
Single Family	20'	20'	20'	25'	32'
Zero Lot Line	20'	20'	20'	25'	32'
Duplex	20'	20'	20'	25'	32'
Patio Homes	20'	20'	20'	25'	32'

CUL-DE-SAC	CORNER LOT	REAR (4) YARD	SIDE YARD	SB GARAGE FACE
50' (ROW) 55'	20'	20'	6'	20'
50' (ROW) 55'	20'	20'	6' & 12'(2)	20'
50' (ROW) 55'	20'	20'	6'	20'
50' (ROW) 55'	20'	20'	6'	20'

Front, rear and side yard setbacks from arterial streets shall not be less than 25'.
- On streets having a 32' ROW with 29' BO pavement, there shall be planted a 15' street, drainage and utility easement on either side of ROW line, where parking shall be permitted but landscaping limited to turf and street trees approved by City Forester. Off-street parking bays shall be permitted where approved by traffic engineer at the time of platting. (See General Provision Number 16.)
- Side yard setbacks may be reduced to 10' for garages only. There shall be 12' separating all other elements of the dwelling units except for the garages.
- On corner lots on private streets, the side yard setback can be reduced from 32' to 27' providing that the garage face shall be setback a minimum of 20' from back of curb.
- Rear yard setbacks may be reduced to 10' when adjacent to a platted reserve or open space.
- All utilities shall be installed underground.
- Signs designating the name of the development shall be permitted at the entrances to the proposed parcels if they follow in accordance with the provisions of Section 28.04.139 of the Code of the City of Wichita.
- One electronic message board sign with video and animation display shall be permitted on Parcel 5 adjacent to Webb Road. The sign shall have a maximum height of 12 feet and maximum sign area 48 square feet. The sign shall be located a minimum of 150 feet from the south property line of Parcel 5.
- A homeowner's association shall be filed with the plat of each parcel to provide for the maintenance of non-public open space, parking areas, private streets or drives, buffer areas, lakes, drainage channels, swales, etc. Two or more of the homeowners associations may join together to form a master homeowner's association.
Failure of the homeowners association(s) to properly maintain the private streets or open drainage systems and after a joint determination by the Director of Planning and the Superintendent of Central Inspection, shall constitute a violation of the building permit authorizing the construction of the proposed development, and shall give the City the right to properly maintain the areas previously listed and to assess the cost of maintenance to the property owner.
- Minimum lot sizes for single family detached units shall be 5,000 sq. ft. except for zero lot line and patio home units which shall be 4,500 sq. ft. Minimum lot sizes for duplexes shall be 8,000 sq. ft. Minimum lot frontages shall be 60' for single family, 45' for patio home and zero lot line units and 60' for duplexes measured at the setback line.
- Any proposed drainage facilities, lakes, detention facilities, drainage ways, swales, etc. shall be designed in conformance with the hydrology study as prepared independently from this document. Results of this study and proposed drainage facilities shall be submitted for approval at the time of platting. The ownership and maintenance of said facilities shall be determined at the time of platting.
- Final determination of street right-of-way and pavement width as well as access controls will be resolved at the time of platting.
- Should an alternate land use, permitted under parcel descriptions below (General Provision Number 17), be developed instead of the parcel plan as illustrated, a conceptual site plan shall be submitted for approval to the Director of Planning. The approval of this conceptual site plan shall be subject to the conditions of platting.
- Fire hydrant installation and paved access to all building site shall be provided for each phase of construction prior to the issuance of building permits. Appropriate landmarks for dead end streets will be determined at the time of platting.
- Off-street parking: All uses shall provide 2.0 spaces per dwelling unit. Parking shall be provided in accordance with Section 28.01.140 et seq. of the code of the City of Wichita. If the street is designed with parking restrictions, a restrictive covenant requiring 4 spaces per dwelling unit will be submitted at the time of platting.
- The transfer of title on all or any portion of the land included in the CUP, does not constitute a termination of the plan or any portion thereof, but said plan shall run with the land for development and be binding upon the present owners, their successors and assigns and their lessees unless amended.
- A sidewalk plan shall be submitted for review and approval at the time of platting.
- Back out parking is permitted in parcels subject to the conditions listed in policy statement number 13. The exact location of the parking areas shall be determined at the time of platting as parking reserves or parking easements.

RE: CUP2022-00008: City CUP Minor Amendment to Parcel 3 of DP-166 to replace an existing 10-foot fence along the rear property line of 9 lots zoned SF-5 Single-Family Residential; generally located on the west side of North Webb Road, within one-half mile south of East 13th Street North.

Dear Applicants;

At its regular meeting on **April 7, 2022**, the Wichita - Sedgwick County Metropolitan Area Planning Commission considered the above captioned request. The action of the MAPC was to **APPROVE** the request with the following conditions:

1. The Amendment shall apply only to Parcel 3 per amended General Provision No. 17.
2. All other requirements of the CUP remain in effect unless or until a separate zoning action is filed.
3. The applicant shall submit four revised copies of the CUP and one electronic copy of the revised CUP to the Planning Department within **60 days** after approval of this case by the Governing Body, or the request shall be considered denied and closed.

Please have amended CUP documents submitted to the Planning Department by Tuesday, June 7, 2022 or this case will be considered denied and closed.

No protests were received against this application. Therefore, the action of the Planning Commission is final.

If you have any questions concerning this application, please contact our office at 268-4421.

Sincerely,

Stephen M. Banks, Senior Planner

Duplex	20'	15'	6'
Patio Homes	20'	15'	6'
 - Front, rear and side yard setbacks from arterial streets shall not be less than 25'.
 - (1) On streets having a 32' ROW with 25' BB pavement, there shall be a 15' street, drainage and utility easement on either side of ROW line, where parking shall be permitted but landscaping limited to turf and street trees approved by City Forester. Off-street parking shall be permitted where approved by traffic engineer at the time of platting. (See General Provision Number 15.)
 - (2) Side yard setbacks may be reduced to 10' for garages only. There shall be 12' separating all other elements of the dwelling units except for the garages.
 - (3) On corner lots on private streets, the side yard setback can be reduced from 32' to 27' providing that the garage face shall be setback a minimum of 20' from back of curb.
 - (4) Rear yard setbacks may be reduced to 10' when adjacent to a platted reserve or open space.
 5. All utilities shall be installed underground.
 6. Signs designating the name of the development shall be permitted at the entrances to the proposed parcels if they follow in accordance with the provisions of Section 28.04.139 of the Code of the City of Wichita.
 - 6A. One electronic message board sign with video and animation display shall be permitted on Parcel 5 adjacent to Webb Road. The sign shall have a maximum height of 12 feet and maximum sign area 48 square feet. The sign shall be located a minimum of 150 feet from the south property line of Parcel 5.
 7. A homeowner's association shall be filed with the plat of each parcel to provide for the maintenance of non-public open space, parking areas, private streets or drives, buffer areas, lakes, drainage channels, swales, etc. Two or more of the homeowners' associations may join together to form a master homeowner's association.
 - Failure of the homeowners' association(s) to properly maintain the private streets or open drainage systems and after a joint determination by the Director of Planning and the Superintendent of Central Inspection, shall constitute a violation of the building permit authorizing the construction of the proposed development, and shall give the City the right to properly maintain the areas previously listed and to assess the cost of maintenance to the property owner.
 8. Minimum lot sizes for single family detached units shall be 5,000 sq. ft. except for zero lot line and patio home units which shall be 4,500 sq. ft. Minimum lot sizes for duplexes shall be 8,000 sq. ft. Minimum lot frontages shall be 60' for single family, 45' for patio home and zero lot line units and 80' for duplexes, measured at the setback line.
 9. Any proposed drainage facilities, lakes, detention facilities, drainage ways, swales, etc. shall be designed in accordance with the hydrology study as prepared independently from this document. Results of this study shall be submitted for approval at the time of platting. The ownership and maintenance of said facilities shall be determined at the time of platting.
 10. Final determination of street right-of-way and pavement width as well as access controls will be resolved at the time of platting.
 11. Should an alternate land use, permitted under parcel descriptions below (General Provision Number 17), be developed instead of the parcel plan as illustrated, a conceptual site plan shall be submitted for approval to the Director of Planning. The approval of this conceptual site plan shall be subject to the conditions of platting.
 12. Fire hydrant installation and paved access to all building site shall be provided for each phase of construction prior to the issuance of building permits. Appropriate turnarounds for dead end streets will be determined at the time of platting.
 13. Off-street parking: All uses shall provide 2.0 space per dwelling unit. Parking shall be provided in accordance with Section 28.01.140 at seq. of the Code of the City of Wichita. If the street is designed with parking restrictions, or restrictive covenant requiring 4 spaces per dwelling unit will be submitted at the time of platting.
 14. The transfer of title on all or any portion of the land included in the C.U.P. does not constitute a termination of the plan or any portion thereof, but said plan shall run with the land for development and be binding upon the present owners, their successors and assigns and their lessees unless amended.
 15. A sidewalk plan shall be submitted for review and approval at the time of platting.
 16. Back lot parking is permitted in parcels subject to the conditions listed in policy statement number 13. The location of the parking areas shall be determined at the time of platting as parking reserves or parking easements.

GENERAL PROVISIONS

- This project is proposed to contain 106.2 gross acres or 102.1 net acres. Net acres are determined by subtracting collector streets R.O.W. (6.1 acres) from the overall development.
- The proposed development, as illustrated, is to contain the following types of housing. The housing types illustrated are noted in the parcel descriptions under General Provision Number 17 below.
ILLUSTRATED UNITS
100 SINGLE FAMILY UNITS
38 ZERO LOT LINE UNITS
32 PATIO HOME/DUPLEX
170 TOTAL UNITS
- Net density calculation: If the parcels are developed as illustrated (170 units), the overall density of the site would be 1.67 DU/ACRE.
- Setbacks are to be determined at the time of platting depending on land use or generally the minimum setbacks shall be as shown on the chart below.

20'	20'	20'	20'
20'	20'	20'	20'

Front, rear and side yard setbacks from arterial streets shall not be less than 25'.
 - On streets having a 32' ROW with 29' BB pavement, there shall be a 15' street, drainage and utility easement on either side of ROW line, where parking shall be permitted but landscaping limited to turf and street trees approved by City Forester. Off-street parking bays shall be permitted where approved by traffic engineer at the time of platting. (See General Provision Number 16.)
 - Side yard setbacks may be reduced to 10' for garages only. There shall be 12' separating all other elements of the dwelling units except for the garages.
 - On corner lots on private streets, the side yard setback can be reduced from 32' to 27' providing that the garage face shall be setback a minimum of 20' from back of curb.
 - Rear yard setbacks may be reduced to 10' when adjacent to a platted reserve or open space.
 - All utilities shall be installed underground.
 - Signs designating the name of the development shall be permitted at the entrances to the proposed parcels if they follow in accordance with the provisions of Section 28.04.139 of the Code of the City of Wichita.
 - One electronic message board sign with video and animation display shall be permitted on Parcel 5 adjacent to Webb Road. The sign shall have a maximum height of 12 feet and maximum sign area 48 square feet. The sign shall be located a minimum of 150 feet from the south property line of Parcel 5.
 - A homeowner's association shall be filed with the plat of each parcel to provide for the maintenance of non-public open space, parking areas, private streets or drives, buffer areas, lakes, drainage channels, swales, etc. Two or more of the homeowners associations may join together to form a master homeowner's association.
 - Failure of the homeowners association(s) to properly maintain the private streets or open drainage systems and after a joint determination by the Director of Planning and the Superintendent of Central Inspection, shall constitute a violation of the building permit authorizing the construction of the proposed development, and shall give the City the right to properly maintain the areas previously listed and to assess the cost of maintenance to the property owner.
 - Minimum lot sizes for single family detached units shall be 5,000 sq. ft. except for zero lot line and patio home units which shall be 4,500 sq. ft. Minimum lot sizes for duplexes shall be 8,000 sq. ft. Minimum lot frontages shall be 60' for single family, 45' for patio home and zero lot line units and 60' for duplexes measured at the setback line.
 - Any proposed drainage facilities, lakes, detention facilities, drainage ways, swales, etc. shall be designed in conformance with the hydrology study as prepared independently from this document. Results of this study and proposed drainage facilities shall be submitted for approval at the time of platting. The ownership and maintenance of said facilities shall be determined at the time of platting.
 - Final determination of street right-of-way and pavement width as well as access controls will be resolved at the time of platting.
 - Should an alternate land use, permitted under parcel descriptions below (General Provision Number 17), be developed instead of the parcel plan as illustrated, a conceptual site plan shall be submitted for approval to the Director of Planning. The approval of this conceptual site plan shall be subject to the conditions of platting.
 - Fire hydrant installation and paved access to all building site shall be provided for each phase of construction prior to the issuance of building permits. Appropriate landmarks for dead end streets will be determined at the time of platting.
 - Off-street parking: All uses shall provide 2.0 spaces per dwelling unit. Parking shall be provided in accordance with Section 28.01.140 et seq. of the code of the City of Wichita. If the street is designed with parking restrictions, a restrictive covenant requiring 4 spaces per dwelling unit will be submitted at the time of platting.
 - The transfer of title on all or any portion of the land included in the CUP, does not constitute a termination of the plan or any portion thereof, but said plan shall run with the land for development and be binding upon the present owners, their successors and assigns and their lessees unless amended.
 - A sidewalk plan shall be submitted for review and approval at the time of platting.
 - Back out parking is permitted in parcels subject to the conditions listed in policy statement number 13. The exact location of the parking areas shall be determined at the time of platting as parking reserves or parking easements.
