CASE NUMBER: CON2006-00056

APPLICANT/AGENT: James Vander

REQUEST: Accessory Apartment

CURRENT ZONING: RR Rural Residential

SITE SIZE: 10 acres

LOCATION: 11649 South Greenwich Road, approximately a half mile north of the intersection of South 111th St. East (Greenwich Road) and East 119th St. South.

PROPOSED USE: Accessory Apartment

BACKGROUND: The applicant seeks a Conditional Use to permit an “accessory apartment” at 11649 South Greenwich Road, an unplatted lot containing 10 acres. The site is developed with a residence served by a lagoon. The applicant proposes to use the existing 80’ x 26’ accessory structure, with an attached garage, as an accessory apartment for his aging mother and other visiting family members. The accessory structure is to be located to the front of the principal structure, and complies with applicable setbacks. See the attached site plan for more details. All adjoining property is zoned “RR” Rural Residential.

CASE HISTORY: The site’s current zoning was probably granted in 1985 with the adoption of countywide zoning.

ADJACENT ZONING AND LAND USE:

NORTH:	“RR” Rural Residential	Single Family Residence
SOUTH:	“RR” Rural Residential	Single Family Residence
EAST:	“RR” Rural Residential	Single Family Residence
WEST:	“RR” Rural Residential	Single Family Residence and Agriculture

PUBLIC SERVICES: The property is located on South Greenwich Road, a two-lane local road with 35 feet of half-width right of way. South Greenwich Road connects to East 119th Street South, which is a paved county/section line road, to the south and East 111th Street South, which is a gravel section line road, to the north. The property utilizes an existing lagoon for sewage.

CONFORMANCE TO PLANS/POLICIES: The *Wichita-Sedgwick County Unified Zoning Code* Section III-D.6.a states that a maximum of one accessory apartment may be allowed on the same lot as a single-family dwelling unit and may be within the main building, within an accessory building or constructed as an accessory building, the appearance of an accessory apartment shall be compatible with the main dwelling and with the character of the neighborhood, the accessory apartment shall remain accessory to and under the same ownership as the principle single-family dwelling unit, and the ownership shall not be divided or sold as a condominium, and that water and sewer service provided to the accessory structure shall not be provided as separate service from the main dwelling. Electric, gas, telephone and cable television utility service may be provided as separate utility services. The Comprehensive Plan depicts this site being just to the east of the Mulvane urban growth area, but is located in Mulvane’s Zoning Area of Influence.

RECOMMENDATION: Based upon information available prior to the public hearings, planning staff recommends that the request be APPROVED, subject to the following conditions:

1. The applicants shall obtain all applicable permits including, but not limited to:

building, health and zoning.

2. Development and maintenance of the site shall be in conformance with the approved site plan.
3. If operations have not begun within one year of approval, or if the Zoning Administrator finds that there is a violation of any of the conditions of this Conditional Use, the Zoning Administrator may, with the concurrence of the Planning Director, declare the Conditional Use null and void.

This recommendation is based on the following findings:

1. The zoning, uses and character of the neighborhood: All property surrounding the application area is zoned RR and intended or developed for single-family residential use. The area is rural in character with large-lot residential uses.
2. The suitability of the subject property for the uses to which it has been restricted: The site is zoned RR, which primarily permits agriculture and large lot residential uses. The site could continue to be used without the Conditional Use.
3. Extent to which removal of the restrictions will detrimentally affect nearby property: Provided that the proposed accessory apartment meets all applicable codes, the proposed accessory use should have no affect on the surrounding properties.
4. Conformance of the requested change to the adopted or recognized Comprehensive Plan and policies: The requested conditional use is in conformance with *Wichita-Sedgwick County Comprehensive Plan* goals of efficiently using land and providing affordable housing options, and the *Wichita-Sedgwick County Unified Zoning Code Supplementary Use Regulations*
5. Impact of the proposed development on community facilities: Approval will not impact community facilities to any significant degree.
