STAFF REPORT

MAPC January 8, 2009

DAB-II January 5, 2009

Tentative City Council Date: 2/10/09

CASE NUMBER: ZON2008-00071

APPLICANT/AGENT: W.G. Enterprises, LLC (Owner/Applicant)
W.T. Farha (Agent)

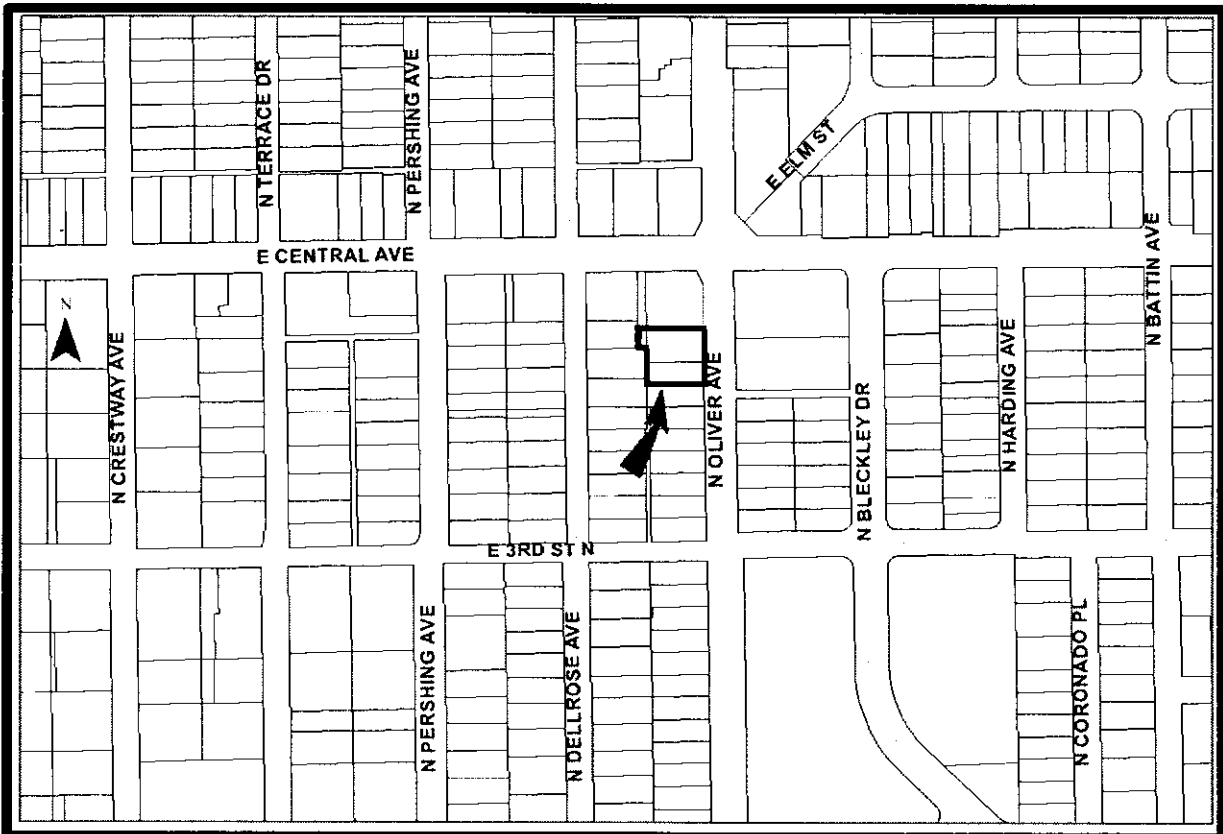

REQUEST: Rezone to LC Limited Commercial ("LC")

CURRENT ZONING: GO General Office ("GO")
TF-3 Two-family Residential ("TF-3")

SITE SIZE: Total Area = 0.50 acres

LOCATION: Generally located south and west of the intersection of Central Avenue and Oliver Street.

PROPOSED USE: Undetermined

BACKGROUND: The applicant is requesting a zone change from GO General Office (“GO”) and TF-3 Two-family Residential (“TF-3”) (Lots 12, 14, 16, 18, 20, on Oliver Avenue, and the east 18.75 feet of lot 11 and the east 18.75 feet and north 20 feet of Lot 13, on Dellrose Avenue, all in East Lawn Addition, Wichita, Sedgwick County, Kansas) to LC Limited Commercial (“LC”). The application area contains approximately 0.50 acre with 125 feet of frontage located along Oliver Street, less than one block south of Central Avenue. The subject site is currently developed as a parking lot serving the retail use abutting the north side of the application area.

The site is developed as a parking lot; the entire lot is paved, and used for parking and traffic circulation for the businesses that abut the site to the north. There are approximately thirty parking stalls, with what appears to be one handicap accessible stall, located at the rear of the building.

Properties west of the site, across an alley, are zoned SF-5 Single-family Residential and TF-3, and are developed with single-family residences and office uses. Property owned by the applicant, zoned LC, abuts the north side of the application area, and is developed with retail uses. Property to the south is zoned TF-3 and is developed with single-family residential uses. The property east of the subjects site, across Oliver Street, is zoned LC and is developed with office and retail uses.

Any development on the subject property will be required to meet access management regulations, all compatibility setback, height, noise and design standards, landscaping, screening and any other applicable codes and development standards.

CASE HISTORY: The subject properties are platted as Lots 12, 14, 16, 18, 20, on Oliver Avenue, and the east 18.75 feet of lot 11 and the east 18.75 feet and north 20 feet of Lot 13, on Dellrose Avenue, East Lawn Addition. The East Lawn Addition was recorded with the Register of Deeds January 12, 1927. In 1958, BZA1-58 was approved for Lots 18 and 20 to allow the operation of a ceramic school or art studio with occasional sales to the general public.

ADJACENT ZONING AND LAND USE:

NORTH:	LC	Strip Store
SOUTH:	TF-3	Single-family Residential
EAST:	LC	Strip Store/Office
WEST:	SF-5/TF-3	Office/Single-family Residential

PUBLIC SERVICES: All public services are available at the subject site. Central Avenue is a four-lane principal arterial with 40,801 Average Daily Traffic (ADTs). Oliver Avenue is a four-lane minor arterial with 31,853 ADTs. The subject site currently has access drives off of both Central and Oliver, by virtue of the applicant’s ownership.

CONFORMANCE TO PLANS/POLICIES: The “2030 Wichita Functional Land Use Guide” of the Comprehensive Plan identifies the south part of this site as appropriate for “urban residential” type uses and the north part of the site appropriate for “local commercial” type uses. The “urban residential” category encompasses areas that reflect the full diversity of

residential development densities and types typically found in a large urban municipality. The "local commercial" category The "Wichita Land Use Guide, as amended "05/26" of the 1999 Update to the Wichita-Sedgwick County Comprehensive Plan identifies the application area as appropriate for "local commercial", which reflects the application area's site's development.

The Commercial Locational Guidelines of the Comprehensive Plan recommend that commercial sites be located adjacent to arterials and should have site design features that limit noise, lighting, and other activity from adversely impacting surrounding residential areas. The Unified Zoning Code (UZC) requires compliance with compatibility setbacks between non-residential and residential zoning, lighting, screening, and landscaping. Uses appropriate in the local commercial designation are local in their customer base and include: commercial, office, personal services, medical, auto repair, grocery stores, florist shops, service stations, restaurants and on a limited presence basis mini-storage warehousing and small scale light manufacturing. The requested LC zoning and the uses permitted in it would be classified as "local commercial" by the Guide. However, the subject site is bordered to the north and east, by properties categorized as "local commercial" on the land use guide and commercial and industrial uses are common at major intersections.

RECOMMENDATION: The subject site seems to have been used for freestanding retail and parking since the 1960s, the application will bring the area into long over due compliance. The proposed zone change is in conformance with the recommended Commercial Locational guidelines of the Plan.

Based on these factors, plus the information available prior to the public hearing, staff recommends the request for "LC" zoning on Lots 12, 14, 16, 18, 20, on Oliver Avenue, and the east 18.75 feet of lot 11 and the east 18.75 feet and north 20 feet of Lot 13, on Dellrose Avenue, all in East Lawn Addition be APPROVED, with the contingent dedication of 20-foot of ROW along the application area's site where it fronts Central Avenue, the contingent dedication of 30-foot of ROW along the application area's site where it fronts Oliver Street, compliance with the UZC's compatibility setbacks, screening, lighting, access and landscaping and subject to the provisions of a Protective Overlay:

- 1) Signs are not allowed to face towards the south and west property lines.
- 2) Portable, billboards and off-site signs are no permitted.

This recommendation is based on the following findings:

1. **The zoning, uses and character of the neighborhood:** Properties west of the site, across an alley, are zoned SF-5 Single-family Residential and TF-3, and are developed with single-family residences and office uses. Property owned by the applicant, zoned LC, abuts the north side of the application area, and is developed with retail uses. Property to the south is zoned TF-3, and is developed with single-family residential uses. The property east of the subjects site, across Oliver Street, is zoned LC, and is developed with office and retail uses.

2. **The suitability of the subject property for the uses to which it has been restricted:** Approval of LC zoning would introduce some uses not in character with adjacent existing residential uses. Commercial uses generate more average daily traffic; introduce larger signage and more lighting than is found in typical residential areas putting increased pressure on existing nearby residences.
3. **Extent to which removal of the restrictions will detrimentally affect nearby property:** The proposed LC zoning would allow similar types of development as already established north and east of the area. The implementation of the standards of the Unified Zoning Code over the whole site would limit the adverse impact on the adjacent residential developments.
4. **Conformance of the requested change to the adopted or recognized Comprehensive Plan and policies:** The "2030 Wichita Functional Land Use Guide" of the Comprehensive Plan identifies the south part of this site as appropriate for "urban residential" type uses and the north part of the site appropriate for "local commercial" type uses. The "urban residential" category encompasses areas that reflect the full diversity of residential development densities and types typically found in a large urban municipality. The "local commercial" category The "Wichita Land Use Guide, as amended "05/26" of the *1999 Update to the Wichita-Sedgwick County Comprehensive Plan* identifies the application area as appropriate for "local commercial", which reflects the application area's site's development. The Commercial Locational Guidelines of the Comprehensive Plan recommend that commercial sites be located adjacent to arterials and should have site design features that limit noise, lighting, and other activity from adversely impacting surrounding residential areas. The Unified Zoning Code (UZC) requires compliance with compatibility setbacks between non-residential and residential zoning, lighting, screening, and landscaping. Uses appropriate in the local commercial designation are local in their customer base and include: commercial, office, personal services, medical, auto repair, grocery stores, florist shops, service stations, restaurants and on a limited presence basis mini-storage warehousing and small scale light manufacturing. The requested LC zoning and the uses permitted in it would be classified as "local commercial" by the Guide. However, the subject site is bordered to the north and east, by properties categorized as "local commercial" on the land use guide and commercial and industrial uses are common at major intersections.
5. **Impact of the proposed development on community facilities:** Provided that drainage and traffic access policies are met, community facilities should not be impacted. Other usually provided municipal services are available.
