Dear Applicants:

At its regular meeting on **October 10, 2013**, the Wichita - Sedgwick County Metropolitan Area Planning Commission (MAPC) considered the above captioned request. The action of the MAPC was to **APPROVE** the request, with the following conditions:

- (1) General Provision #2 shall be amended to increase the permitted off-site sign height from 30 to 50 feet.
- (2) The proposed sign shall meet all local, state and federal regulatory requirements with all required approvals, to include FAA approval, and shall conform to the approved site plan.
- (3) The applicant shall submit four revised copies of the CUP to the Metropolitan Area Planning Department within 60 days of approval or the request shall be considered denied and closed.
- (4) If the Zoning Administrator finds that there is a violation of any of the conditions of the CUP amendment, the Zoning Administrator, in addition to enforcing the other remedies set forth in the Unified Zoning Code, may, with the concurrence of the Planning Director, declare the CUP amendment null and void.

NOTICE: The public hearing on planning items is conducted by the MAPC under provisions of State Law. Adopted policy is that the City Council will not take additional testimony on zoning related applications and other issues for which the MAPC has held a public hearing. However, interested parties may file a written statement with the City Clerk by 5:00 p.m. on the Wednesday preceding this meeting, providing new facts on the issue or alleging an unfair hearing. The Council will determine from such statements whether to return the issue to the MAPC for reconsideration or to reverse their recommendation.

Property owners may also file written protest petitions on zoning related items heard by the MAPC. In order to be considered a "valid" petition, the signatures must reflect the correct and entire ownership of the property, the property must be at least partially within 200 feet of the property for which the application was filed, and must be submitted to the City Clerk within 14 days of the conclusion of the MAPC hearing, by **October 24, 2013, at 5 p.m.** Such petitions may cause the application to be disapproved, if the land area encompassed by the protesting owners exceeds 20% of the land area within 200 feet of the perimeter of the application area, unless the Council overrides such a protest and approves the application by a vote of 6 of its members.

If protests are filed, your application will be forwarded to the **November 19, 2013** City Council meeting for review and final action. If there are no protests the MAPC recommendation is final. This is a reminder that the zoning notification signs should now be removed from the property. If you have any questions concerning this application, please contact our office at 268-4421.

Sincerely,

Jess McNeely, AICP
