Final Plat is scheduled for Subdivision for September 2, 1983.
 The Lot will be mostly paved or roof top areas. Runoff factor will
 be 0.90.
 The areas will drain as indicated. The drives discharge to Haskell
 and Walnut presently which both drain south to inlets on Walnut at
 Pawnee. The south portion of the plat drain to the paved alley
 which also drains to Pawnee. A small portion of the plat drains
 west to Seneca presently.
