

NW of Tyler and 13th - 8828 W 13th St

Attachment A - 472-85156 Bench and Shelter Installation, West Side Service, Wichita, KS

Install concrete pad, bench, and shelter. Refer to relevant details and General Notes. Bolt locations to anchor the bench are to avoid cracks and joints in the pad. Final location of the bench, shelter, and pad shall be coordinated with the Engineer.

Joints and joint type in the pad shall match the sidewalk and be continued through the pad.

Disassemble, remove from other location, transport, assemble and install relocated bus shelter. Contractor is responsible for any damage to the structure or sites for said work and shall notify the Engineer and Philip Zevenbergen with Transit of any damage to structures or sites, prior to performing any work. Coordinate said activity as necessary with Philip Zevenbergen (phone: 316-352-4816, email: pzevenbergen@wichita.gov). Work shall be performed per City details, the manufacturer's specifications, to City standards, or as directed by the Engineer or Zevenbergen. For this site, the shelter to be relocated is anticipated to be the current shelter on the north side of 13th St, just west of Tyler Rd.

At the discretion of Transit, the Contractor shall either install the bench with the shelter or pick up and install a different bench from Transit. Contractor is responsible for any damage to an existing bench or site for said work and shall notify the Engineer and Philip Zevenbergen with Transit of any damage to the bench, shelter, pad, or site, prior to performing any work. All bolts or other trip hazards within the concrete where the bench is removed shall be ground down, similar to General Note 6. Coordinate said activity as necessary with Philip Zevenbergen (phone: 316-352-4816, email: pzevenbergen@wichita.gov). Work shall be performed per City details, the manufacturer's specifications, to City standards, or as directed by the Engineer or Zevenbergen.
