OWNER'S CERTIFICATE

Know all men by these presents that we the undersigned property owners of the land above set forth in the Professional Surveyor's Certificate, have caused the same to be surveyed and platted into Lots, Blocks, Reserves, and Streets, the same to be known as "STEEPLE BAY ADDITION" an addition to Wichita, Sedgwick County, Kansas.

The streets are hereby dedicated to and for the use of the public.

Easements for the construction and maintenance of drainage, utilities, and sanitary sewer, as indicated hereon, are hereby granted to the public. No signs, light poles, private drainage systems, masonry trash enclosures or other structures shall be located within public utility easements unless permitted by the Public Works Department of the appropriate governing body.

All abutters rights of access to or from Seneca Street over and across the west line of STEEPLE BAY ADDITION, are hereby granted to the appropriate governing body, provided however one full movement opening shall be allowed as indicated hereon plus additional full and/or right turn only openings are permitted as per per the Access Management Regulations. All abutters rights of access to or from MacArthur Road over and across the south line of STEEPLE BAY ADDITION, are hereby granted to the appropriate governing body, provided however one full movement opening shall be allowed as indicated hereon plus additional full and/or right turn only openings are permitted as per per the Access Management Regulations. All abutters rights of access to or from Gold Street over and across the east line of STEEPLE BAY ADDITION, are hereby granted to the appropriate governing body, provided however, full and/or right turn only openings are permitted as per per the Access Management Regulations. All abutters rights of access to or from I-235 over and across the north line of property are hereby granted to the appropriate governing body.

A drainage plan has been developed for this plat. All drainage easements, rights-of-way, and reserves shall remain at established grades or as modified with the approval of the applicable City or County Engineer, and unobstructed to allow for the conveyance of stormwater. Lots 1-11 (inclusive), Block 1, Lot 1, Block 2, Lots 1 and 2, Block 3, and Lots 1-5 (inclusive), Block 4 are required to adhere to the minimum pad elevation as per the "Minimum Pad Elevations" table shown hereon (Page 1 of 2).

All reserves are platted for open space, berms, landscaping, irrigation, signs, monuments, sidewalks, fences, lighting, conveyance of cross-lot drainage, and utilities confined by easement (platted or otherwise separate instrument). Reserves A is also platted for drainage facilities, including but not limited to drainage structures and detention/retention ponds. Reserves B, C, and D are also platted for cross access in various locations. The reserves are hereby reserved for the stated uses and shall be owned and maintained by the developer, and/or a lot owner's association, and/or their successors and/or assigns.

FEMA floodplain and regulatory floodway boundaries are subject to periodic change and such change may affect the intended land use within the subdivision.

The property is within a zone identified by the City Engineer's office as likely to have groundwater at some or all times within ten feet of the ground surface elevation. Building with specially engineered foundations or with the lowest floor opening above groundwater is recommended and owners seeking building permits on this property will be similarly advised. More detailed information on recorded groundwater elevations in the vicinity of this property is available in the City Engineer's office.

This plat shall comply with the recitals of the Steeple Bay Community Unit Plan (DP-345) on file at the Wichita-Sedgwick County Planning Department.
